Under the agreement, Kyndryl will support Stellantis through the management of IT infrastructure services across its operations. Stellantis will use Kyndryl Bridge, an open integration platform that delivers solutions by leveraging Kyndryl's core technology strengths, for real-time insights and unprecedented control over its IT environment.

"We are excited to support Stellantis' transformation," said Angelo Cirocco, Managing Partner, Kyndryl. "They are charting a course for operational excellence and using Kyndryl's leading-edge technologies to support them as an industry leader in sustainable solutions."

Kyndryl will infuse automation to drive efficiencies, provide global service capabilities to align with business priorities, and improve the quality of day-to-day IT performance to ensure smooth and
