

2024 Notice of Annual Meeting and Proxy Statement

kyndryl.

A Message from Our Chairman and Chief Executive Officer

Dear Fellow Stockholders,

On behalf of the entire Kyndryl Board of Directors, I am pleased to invite you to Kyndryl's 2024 Annual Meeting of Stockholders on July 25, 2024 at 1:00 p.m. Eastern Daylight Time. In order to enable all of our stockholders to participate fully and equally from any place in the world at little to no cost, the Annual Meeting will once again be held as a virtual live audio webcast.

You will be able to attend the virtual Annual Meeting, vote your shares electronically and submit questions both during and prior to the Annual Meeting by visiting virtualshareholdermeeting.com/KD2024.

MARTIN SCHROETER

As we have done each year, we are furnishing our proxy materials to stockholders primarily over the Internet. This process expedites your receipt of the proxy materials, reduces the cost of the Annual Meeting and conserves natural resources. Stockholders of record as of the close of business on May 28, 2024 will either receive a Proxy Card or a Notice of Internet Availability of Proxy Materials for the Annual Meeting. The notice contains instructions on how to access our Proxy Statement and Annual Report for the fiscal year ended March 31, 2024 and submit your proxy online.

Your vote is important to us. Even if you plan to attend the Annual Meeting, we recommend that you promptly submit your proxy with your voting instructions. You may do this over the Internet, as well as by telephone or mail. Please review the instructions regarding each of these options on your Proxy Card or Notice of Internet Availability of Proxy Materials.

I hope that you can join us for our 2024 Annual Meeting so that you can hear firsthand about our strong execution and the accelerated progress we are making as the world's largest IT infrastructure services provider. Our scale, our know-how, our indispensability and our freedom of action as an independent company have given us opportunities to return to profitable growth, while continuing to serve our customers extremely well. We're driving powerful business dynamics for value creation, and we'll continue to be bold and ambitious about how we come together to deliver value with our partners for our customers.

Thank you for your continued confidence in Kyndryl.

Sincerely,

Martin Schroeter
Chairman of the Board and Chief Executive Officer

Executive Compensation Highlights

COMPENSATION PHILOSOPHY AND OBJECTIVES

Our executive compensation philosophy is governed by three key principles:

 <p>PAY FOR PERFORMANCE</p>	 <p>ALIGN WITH STOCKHOLDERS</p>	 <p>PAY COMPETITIVELY</p>
<ul style="list-style-type: none"> • At target, 75%-90% of our named executive officers' (NEOs) compensation opportunity is performance-based • Incentive compensation is tied to our business results and individual performance 	<ul style="list-style-type: none"> • Incentives are tied to both short-term and long-term performance goals to balance risk while rewarding for delivering financial, operating and strategic performance aligned with our business strategy and stockholder interests • A significant portion of NEO compensation is delivered in equity, further aligning their interests with stockholders • NEOs are required to retain shares earned until minimum share ownership levels are achieved per our stock ownership guidelines 	<ul style="list-style-type: none"> • Total target compensation levels are competitive to attract and retain high-performing talent • Actual pay levels will vary based on performance results

OUR EXECUTIVE COMPENSATION BEST PRACTICES

What We Do	What We Don't Do
<ul style="list-style-type: none"> ✓ Significant percentage of target annual compensation delivered in the form of variable compensation tied to performance ✓ Long-term objectives aligned with the creation of stockholder value ✓ Market comparison of executive compensation against a relevant peer group ✓ Use of an independent compensation consultant reporting directly to the Compensation and Human Capital Committee and providing no other services to the Company ✓ Robust stock ownership guidelines (6 times base salary for CEO and 3 times base salary for other NEOs) ✓ Stringent clawback policies and provisions, including a policy consistent with SEC rules and NYSE listing standards, as well as an additional supplemental policy ✓ Non-competition and non-solicitation agreements for senior executives where not prohibited by applicable law ✓ Limited perquisites as approved by the CHC Committee ✓ One-year minimum vesting condition under our long-term incentive plan ✓ Annual compensation risk review and assessment 	<ul style="list-style-type: none"> ✗ No tax gross-ups ✗ No "single-trigger" change in control severance benefits ✗ No excessive severance benefits ✗ No "single-trigger" change in control equity vesting ✗ No hedging or pledging of Company shares by our executive officers ✗ No evergreen provision in our long-term incentive plan ✗ No repricing of underwater stock options permitted without stockholder approval ✗ No multi-year employment agreements ✗ No guaranteed annual bonuses or incentive awards for executive officers

Corporate Governance and Board Matters

Proposal 1—Election of Directors

Our Board currently consists of 10 members and, until the conclusion of our 2027 Annual Meeting of stockholders, will be divided into three classes, with each class consisting, as nearly as possible, of one-third of the total number of directors. This temporary classified Board structure is intended to provide continuity of leadership during Kyndryl's first years of operation as an independent, public company. The directors designated as Class I directors have terms expiring at the 2025 Annual Meeting, the directors designated as Class II directors have terms expiring at the 2026 Annual Meeting and the directors designated as Class III directors have terms expiring at the 2024 Annual Meeting. Any director elected at the 2024 Annual Meeting will belong to the class whose term expires at such Annual Meeting and will hold office for a three-year term or until his or her successor has been duly elected and qualified.

CLASS I	CLASS II	CLASS III
TERMS EXPIRING AT THE 2025 ANNUAL MEETING	TERMS EXPIRING AT THE 2026 ANNUAL MEETING	NOMINEES FOR ELECTION AT THE 2024 ANNUAL MEETING
<ul style="list-style-type: none"> • Janina Kugel • Denis Machuel • Rahul N. Merchant 	<ul style="list-style-type: none"> • John D. Harris II • Jana Schreuder • Howard I. Ungerleider 	<ul style="list-style-type: none"> • Dominic J. Caruso • Stephen A.M. Hester • Shirley Ann Jackson • Martin Schroeter

Beginning at the 2025 Annual Meeting, and at each annual meeting thereafter, all of our directors up for election at such meeting will be elected annually and will hold office until the following Annual Meeting or until his or her successor has been duly elected and qualified or until his or her earlier resignation or removal. Effective as of the conclusion of the 2027 Annual Meeting, our Board will therefore no longer be divided into three classes.

Our Company's Board Corporate Governance Guidelines provide that, subject to review by the Nominating and Governance Committee and the Board, at the first annual meeting after turning age 75, non-management directors shall not stand for reelection. With respect to Shirley Ann Jackson, the Board unanimously approved a waiver to this policy and strongly believe she should continue on the Kyndryl Board due to her extensive leadership experience, as well as her performance and contributions to the Board and the Nominating and Governance Committee. Dr. Jackson's leadership experience as former president of a preeminent science and technology university, government and regulatory experience, outside board experience and technological expertise gives Kyndryl an important unique perspective on the Board.

Upon the recommendation of the Nominating and Governance Committee, the Board has considered and nominated the following slate of Class III nominees for a three-year term expiring at our 2027 Annual Meeting or until their successors are duly elected and qualified: **Dominic J. Caruso, Stephen A.M. Hester, Shirley Ann Jackson and Martin Schroeter.**

Unless otherwise instructed, the persons named in the form of Proxy Card (proxyholders) attached to this Proxy Statement intend to vote the proxies held by them for the election of Dominic J. Caruso, Stephen A.M. Hester, Shirley Ann Jackson and Martin Schroeter. If any of these nominees ceases to be a candidate for election by the time of the 2024 Annual Meeting (a contingency which the Board does not expect to occur), such proxies may be voted by the proxyholders in accordance with the recommendation of the Board.

The Board recommends that you vote **FOR** the election of each of the Class III nominees set forth above.

Director Nomination Process

OVERVIEW

Our Nominating and Governance Committee is responsible for recommending qualified candidates for election to the Board, consistent with the criteria approved by the Board and set forth in our Board Corporate Governance Guidelines and Nominating and Governance Committee Charter. The Board is responsible for selecting nominees for election.

Our Nominating and Governance Committee and the Board seek to ensure that the Board, as a whole, possesses the expertise, qualifications, attributes and skills to carry out its oversight responsibilities effectively and to align with our long-term strategies. Accordingly, our Board Corporate Governance Guidelines provide that individuals are nominated to join the Board based on all appropriate criteria, which may include strength of character, mature judgment, familiarity with our business and industry, independence of thought, ability to work collegially, existing commitments to other businesses, potential conflicts of interest with other pursuits, legal considerations such as antitrust issues, business or professional experience, the diversity of their background and their array of talents and perspectives.

Our directors invest the time and effort necessary to understand the Company's business and financial strategies and challenges, a policy reflected in our Board Corporate Governance Guidelines. Our directors' commitment to their oversight responsibilities is reflected by the 100% attendance of directors at Board and Committee meetings in fiscal year 2024. As part of the process, the Nominating and Governance Committee, pursuant to its charter, reviews directors' service on other boards, as well as other engagements, to ensure directors have sufficient time to devote to the Company and re-assess this information before nomination to the Board. Since our inception as a public company, we do not believe that any one of our directors have served on more than four public company boards or have been otherwise "overboarded". Further, our guidelines provide that no member of the Audit Committee will serve on more than three public company audit committees, including the Company's, without prior approval of the Board or unless disclosed on our website or Proxy Statement.

Business or Professional Experience

Industry and/or other relevant business or professional experience, including leadership experience, corporate governance background, financial and accounting background, compliance background and/or executive compensation background

Array of Talents and Perspectives

The particular talents, areas of expertise and diverse perspectives, including international perspectives, relevant technical skills and/or relevant business or government acumen they bring to the Board

Technology or Cybersecurity Background

Experience in managing technological services, information security risks or leadership experience in the technology space

Diversity

Diversity of experience and background

Because the evaluation of these criteria involves the exercise of careful business judgment, the Nominating and Governance Committee and the Board do not have specific minimum qualifications that are applicable to all director candidates.

DIVERSITY

The Nominating and Governance Committee Charter provides that, as part of its ongoing responsibility to search for qualified individuals for election as directors, the Committee recruits talented candidates for the Board. While there is no formal diversity policy, the Committee and the Board carefully consider work experiences along with a range of backgrounds and perspectives, including gender, race, ethnicity, culture, nationality and geography, when evaluating whether the Board has the right mix of skills, experience and expertise to effectively oversee the management and governance of the Company.

DIRECTOR CANDIDATE SEARCH

The Nominating and Governance Committee and the Board identify candidates through a variety of means, including:

Recommendations from the Committee and the full Board

Recommendations from stockholders

Suggestions from management

A third-party search firm, periodically

In identifying prospective director candidates, the Nominating and Governance Committee may seek referrals from other members of the Board, management, stockholders and other sources. The Nominating and Governance Committee also may, but is not required to, retain a third-party search firm in order to assist it in identifying qualified candidates. The Nominating and Governance Committee and the Board use the same criteria for evaluating director candidates regardless of the source of the referral.

STOCKHOLDER RECOMMENDATIONS AND NOMINATIONS

The Nominating and Governance Committee will consider director candidates recommended by stockholders. Any recommendation submitted to the Secretary of the Company should be in writing and should include any supporting material the stockholder considers appropriate in support of that recommendation, but must include information that would be required under the rules of the SEC to be included in a Proxy Statement soliciting proxies for the election of such candidate and a written consent of the candidate to serve as one of our directors if elected.

All recommendations for nomination received by the Secretary that satisfy our Bylaw requirements relating to director nominations will be presented to the Nominating and Governance Committee for its consideration. Stockholders must also satisfy the notification, timeliness and information requirements set forth in our Bylaws. See "Frequently Asked Questions—18. How do I submit an item of business for the 2025 Annual Meeting?"

Stockholders wishing to propose a candidate for consideration may do so by submitting the information described in this section to: Kyndryl Holdings, Inc., Attention: Corporate Secretary's Office, One Vanderbilt Avenue, 15th Floor, New York, New York 10017.

In addition, our Bylaws permit a stockholder, or a group of up to 20 stockholders, that has continuously owned for three years at least 3% of the Company's outstanding common stock, to nominate and include in the Company's annual meeting proxy materials up to the greater of two directors or 20% of the number of directors to be elected at the annual meeting (Proxy Access), provided that the stockholder(s) and the nominee(s) satisfy the requirements specified in our Bylaws, which are posted on our investor relations website at investors.kyndryl.com. Stockholder requests to include stockholder-nominated directors in the Company's proxy materials for our 2025 Annual Meeting of stockholders pursuant to our Proxy Access bylaw must be received by the Company no earlier than January 13, 2025 and no later than February 12, 2025.

Director Attendance

All directors are expected to make every effort to attend all meetings of the Board, meetings of the committees of which they are members and the Annual Meeting of Stockholders. In the Company's 2024 fiscal year:

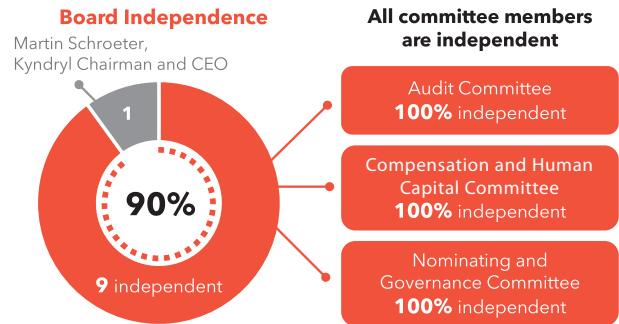

- The Board met 6 times and the committees collectively met 14 times;
- Each director attended 100% of the total number of meetings of the Board and of the Committees on which each such director served;
- All 10 of our directors attended the Company's 2023 Annual Meeting of Stockholders.

Director Independence

Under our Board Corporate Governance Guidelines and NYSE rules, a director is not independent unless our Board affirmatively determines that he or she does not have a direct or indirect material relationship with us or any of our subsidiaries.

Our Board Corporate Governance Guidelines define independence in accordance with current NYSE standards for listed companies and require that our Nominating and Governance Committee and our Board review the independence of all directors at least annually.

After review of all relevant facts and circumstances, our Board has affirmatively determined that each of Dominic J. Caruso, John D. Harris II, Stephen A.M. Hester, Shirley Ann Jackson, Janina Kugel, Denis Machuel, Rahul N. Merchant, Jana Schreuder and Howard I. Ungerleider is independent under the guidelines for director independence set forth in the Board Corporate Governance Guidelines and under all applicable NYSE rules, including with respect to committee membership.

In making its independence determinations, our Board reviewed all information known to it (including information identified through annual directors’ questionnaires), including the various commercial transactions and relationships between us and our subsidiaries and the entities with which certain of our directors are or have been affiliated. The Board determined that the transactions identified were not material and did not affect the independence of any of our non-employee directors under either our Board Corporate Governance Guidelines or the applicable NYSE rules.

Board Leadership Structure

MARTIN SCHROETER

Chairman of the Board and Chief Executive Officer

STEPHEN A.M. HESTER

Lead Independent Director

Selecting a company’s leadership structure is one of the most important tasks of any Board. There is not a one-size-fits-all model for board leadership, which is why our Bylaws provide that the Board has the duty to elect a Chairman of the Board from among its members annually. The Board believes that Kyndryl and its stockholders are best served by maintaining this flexibility and that a permanent leadership policy is not appropriate. Therefore, our governing documents enable the Board to determine the appropriate Board leadership structure for the Company and allow the roles of Chairman of the Board and Chief Executive Officer to be filled by the same or different individuals. Additionally, our Board Corporate Governance Guidelines provide that the Company will have a Lead Independent Director whenever the Chairman of the Board is a non-independent director.

Currently, Mr. Schroeter serves as Chairman of the Board and Chief Executive Officer. Combining the role of Chairman and Chief Executive Officer at this time ensures that the Chairman has significant experience in the technology services business and ongoing executive responsibility for the Company. In the Board’s view, this approach enables the Board to better understand the Company and work with management to

enhance stockholder value. In addition, the Board believes that this structure enables it to better fulfill its risk oversight responsibilities and allows the Chief Executive Officer to more effectively communicate the Board's view to management.

The Lead Independent Director position provides strong, independent leadership for the Board. It is the opinion of the Board that Mr. Hester's diverse, international executive leadership and public company board experience make him exceptionally qualified to lead the independent members of the Board in their oversight of management. Mr. Hester's leadership experience includes roles as a Chief Executive Officer, Chief Financial Officer, Chief Operating Officer, as well as serving as Chairman of the Board for multiple companies in diverse industries. Under our Board Corporate Governance Guidelines, Mr. Hester as the Lead Independent Director has significant and robust duties and responsibilities, including:

- presiding at all meetings of the Board at which the Chair is not present, including executive sessions of the independent directors;
- serving as liaison between the Chair and the independent directors;
- approving information sent to the Board;
- approving meeting agendas for the Board;
- approving meeting schedules to assure that there is sufficient time for discussion of all agenda items;
- authority to call meetings of the independent directors; and
- if requested by major stockholders, ensuring that he is available, as necessary after discussions with the Chairman and Chief Executive Officer, for consultation and direct communication.

The Board considers its current leadership structure to be appropriate for the Company at this time. The Board believes that the responsibilities of the Lead Independent Director and the highly independent composition of the Board help to ensure appropriate oversight of the Company's management by the Board and optimal functioning of the Board.

Board and Committee Oversight of Strategy and Risk Management

The Board is responsible for the overall oversight of management in the execution of its responsibilities. In this oversight role, the Board regularly reviews the Company's long-term business strategy and works with management to set the short-term and long-term strategic objectives of the Company and to monitor progress on those objectives. Strategy discussions are an integral part of each Board meeting. In addition, on an annual basis, the Company devotes significant time to a full strategic review with senior management and other subject matter experts.

One of the significant important oversight responsibilities for our Board is with respect to risk management related to us and our business. The Board executes this oversight with a multi-tiered approach through oversight by the entire Board, as well as through its Audit Committee, Compensation and Human Capital Committee and Nominating and Governance Committee, each of which assists the Board in overseeing a part of our overall risk management and regularly reports to the Board, as discussed below. In that way, risk oversight responsibilities are shared by all committees of the Board, with each committee responsible for oversight of matters most aligned with the responsibilities set forth in its charter. We believe that allocating responsibility to a committee with relevant knowledge and experience provides a more focused and deeper oversight of risk. This allows for a multi-tiered approach to risk oversight, with the full Board retaining overall oversight responsibility.

Our senior leadership team is responsible for managing our enterprise risk management program under the oversight of the Audit Committee. Responsibility for managing each of our highest priority risks is assigned to one or more members of our senior leadership team. Our enterprise risk management program is designed to identify, assess and manage our risk exposures, and management regularly reports to the Board and its committees on our material operational, strategic and financial risks (over the short-, intermediate- and long-term) and plans to monitor, manage and mitigate these risks, as described below.

Each committee also, when desired by the applicable committee, meets with outside advisors (including consultants and experts) in executing its risk oversight responsibilities.

The **Board** is responsible for the overall oversight of our enterprise risk management program and receives regular updates from management on our material operational, strategic and financial risks (over the short-, intermediate- and long-term) and plans to monitor, manage and mitigate these risks. With respect to operational and strategic risks, the Board receives periodic updates from: our Chief Information Security Officer, Chief Information Officer, Security & Resiliency global practice leader and other senior leaders with respect to cybersecurity and data privacy matters; our Chief Human Resources Officer on inclusion, diversity and equity matters; and our Global Head of Corporate Affairs and Senior Vice President, Sustainability & Impact Officer with respect to environmental and corporate responsibility matters. The Board considers the foregoing matters so critical to our business that it maintains concurrent oversight over them with its Audit Committee, Compensation and Human Capital Committee and Nominating and Governance Committee, respectively.

The **Audit Committee** periodically reviews our accounting, reporting and financial practices and risk exposures, including with respect to the integrity of our financial statements, our financial reporting, our administrative, financial and disclosure controls, our enterprise risk management program, compliance with legal and regulatory requirements, our engagement with Kyndryl's independent auditor and our cybersecurity and data privacy controls. Through its regular meetings with management, including the finance, legal, internal audit and information security functions, and Kyndryl's independent registered public accounting firm, the Audit Committee reviews and discusses all significant areas of our business and related risks and summarizes for the Board areas of risk, including cyber risk, and any mitigating factors. With respect to compliance matters, the Audit Committee receives regular updates from our Chief Compliance Officer, who reports to our General Counsel. With respect to enterprise risk management, the Audit Committee receives regular updates from our Senior Vice President & General Auditor. With respect to cybersecurity-related matters, the Audit Committee receives periodic updates from our Chief Information Security Officer, Chief Information Officer, Security & Resiliency global practice leader and other senior leaders.

The **Compensation and Human Capital Committee** considers, and discusses with management, management's assessment of certain risks, including whether any risks arising from our compensation structure, policies and programs for our employees are reasonably likely to have a material adverse effect on us. The Compensation and Human Capital Committee also receives input from its independent compensation consultant as to whether any risks arising from our compensation structure, policies and programs for our employees are reasonably likely to have a material adverse effect on us. The Compensation and Human Capital Committee also reviews and assesses risks relating to our human capital practices. In this capacity, the Compensation and Human Capital Committee oversees management succession planning, oversees human capital management and our inclusion, diversity and equity practices and assesses the ability of our compensation programs to attract and retain high-performing talent.

The **Nominating and Governance Committee** oversees and evaluates programs and risks associated with Board organization, membership and structure and corporate governance, including director independence and related person transactions. The Nominating and Governance Committee also oversees and assesses risks associated with our corporate responsibility initiatives, including our environmental and sustainability goals and initiatives.

Management Succession Planning

Succession planning is a key component of our talent strategy and the Board, and the Compensation and Human Capital Committee actively to provide oversight of management’s succession planning process. Our Board is actively engaged in discussions and periodically reviews senior leadership succession planning and development, including annually with the CEO. The Compensation and Human Capital Committee oversees the management continuity planning process, is responsible for reviewing and evaluating the succession plans relating to all executive officer positions and for making recommendations to the Board on individuals to occupy these positions.

Board and Committee Self-Evaluation Process

As part of its strong governance practices and policies, the Company has a robust board and committee self-evaluation process. Our multi-part process is designed to elicit honest and candid feedback from directors in multiple formats and at different times to ensure that the Board and its committees are operating effectively and that its processes reflect best practices. The steps below outline the formal evaluation process; however, the totality of the evaluation process is dynamic and ongoing with feedback discussed among Board members throughout the year.

Process	Kyndryl Leadership	Key Events
1 One-on-one Interviews	Chairman of the Board	Prior to the formal self-evaluation, the Chairman solicits feedback from individual directors in a one-on-one format enabling directors to discuss their views on an individual basis.
2 Each Individual Committee Conducts Annual Self-Evaluation	Committee Chairs	Each committee performs its own self-evaluation in an executive session on an annual basis. These committee sessions are led by the Chair of each committee and promote candid discussion in a smaller committee setting of matters that are specific to each committee.
3 Full Board Conducts Annual Self-Evaluation	Lead Independent Director	The Lead Independent Director leads the entire Board in an annual self-evaluation to review the effectiveness of the Board. Among other items, the Board focuses on areas such as: <ul style="list-style-type: none"> • Board composition, including the diversity of skills and experience of our directors; • Board culture and rapport among directors; • Scope and quality of the Board meeting materials; • Board access to the Company’s management team; • Appropriateness of the Company’s controls environment; and • Overall Board performance and effectiveness of the Board and each of its committees.
4 Evaluation of Feedback	Full Board	At a subsequent meeting, the full Board collectively discusses insights from each of these evaluation sessions.
5 Board and Committee Enhancements	Full Board	After discussion of the feedback from the Board and committees’ annual self-evaluations, the Board and/or its committees implement enhancements to its existing policies and practices, as appropriate.

Committees of the Board

Our Board has three standing committees—Audit Committee, Compensation and Human Capital Committee and Nominating and Governance Committee. Each Committee is comprised solely of directors who satisfy the independence criteria established by the Board, which reflect the standards of the NYSE and the rules of the SEC, including the heightened independence requirements that apply to Audit Committee and Compensation and Human Capital Committee members. Each Committee has a written charter that sets forth the Committee’s duties and responsibilities.

AUDIT COMMITTEE

Members and Qualifications

DOMINIC J. CARUSO—CHAIR

Mr. Caruso has many years of experience as a public company chief financial officer, including direct involvement in the preparation of financial statements and setting financial disclosure policy and as chair of another public company audit committee.

DENIS MACHUEL

Mr. Machuel, in his role as chief executive officer, has valuable experience overseeing a chief financial officer and the financial reporting process of public companies.

RAHUL N. MERCHANT

Mr. Merchant has many years of experience in the financial services industry, as well as prior service as the chair of the audit committee of another public company board. Mr. Merchant has technology, digital and cybersecurity experience through his roles as CIO and CTO at major financial entities.

Key Responsibilities

The Committee is responsible for overseeing reports of our financial results, audit reporting, internal controls, adherence to our code of ethics and compliance with applicable laws and regulations. Concurrent with that responsibility, as set out more fully in the Committee's Charter, the Committee has other key responsibilities, including:

- selecting the independent registered public accounting firm, approving all related fees and compensation, overseeing such firm's work and reviewing its selection with the Board;
- preapproving the proposed services to be provided by the independent registered public accounting firm;
- reviewing the procedures of the independent registered public accounting firm to ensure its independence and other qualifications for services performed for us;
- reviewing any significant changes in accounting principles or developments in accounting practices and the effects of those changes on our financial reporting;
- assessing the effectiveness of our internal audit function and overseeing the adequacy of internal controls, key controls and processes in specific areas, including cybersecurity, and enterprise risk management processes;
- overseeing the Company's efforts to develop and implement policies, procedures and strategies for identifying, managing and monitoring cybersecurity and data privacy matters; and
- meeting with management prior to each quarterly earnings release and periodically to discuss the appropriate approach to earnings press releases and the type of financial information and earnings guidance to be provided to analysts and rating agencies.

NOMINATING AND GOVERNANCE COMMITTEE

Members and Qualifications

STEPHEN A.M. HESTER—CHAIR

Mr. Hester has valuable international governance experience gained through serving as the chief executive officer of public companies in Europe and serving as a member of multiple public company boards in the role of chairman worldwide.

JOHN D. HARRIS II

Mr. Harris has governance experience, including such experience at a global technology company, gained through serving a wide range of roles, including as the head of business development and the CEO of a subsidiary at a public company, as well as serving as a member of other public company boards.

SHIRLEY ANN JACKSON

Dr. Jackson has a broad governance perspective gained through serving as the president at a major technology and science university and in senior leadership positions in government, industry and research. She has also served on several public company boards across many industries including the technology sector. This experience includes leadership positions as the chair of a governance committee and the Lead Director of another public company.

Key Responsibilities

The Committee is devoted to the continuing review, definition and articulation of our governance structure and practices. Concurrent with that responsibility, as set out more fully in the Committee's Charter, the Committee has other key responsibilities, including:

- leading the search for qualified individuals for election as our directors based on all appropriate criteria, including candidates' business or professional experience, the diversity of their background and their talents and perspectives, technology or cybersecurity experience; reviewing and assessing the independence of each director nominee; and planning for future Board and Committee refreshment actions;
- advising on all matters concerning directorship practices, and on the function, composition and duties of the committees of the Board;
- reviewing and assessing the independence of all of our non-management directors, heightened standards for Audit and Compensation and Human Capital Committee members and assessing transactions with related persons annually;
- developing and making recommendations to the Board regarding a set of corporate governance guidelines;
- reviewing and recommending to the Board the form and amount of our non-management director compensation;
- reviewing our position and practices on significant corporate political or charitable contributions, environmental matters and corporate responsibility matters; and
- reviewing and considering stockholder proposals.

COMPENSATION AND HUMAN CAPITAL COMMITTEE

Members and Qualifications

JANA SCHREUDER—CHAIR

Ms. Schreuder brings to our Committee her perspective as a former public company chief operating officer and chair of another public company compensation committee, as well as valuable risk management experience.

JANINA KUGEL

Ms. Kugel brings to our Committee over a decade of experience as a human resources executive, including as a chief human resources officer responsible for executive recruitment and compensation as well as diversity, equity and inclusion.

HOWARD I. UNGERLEIDER

Mr. Ungerleider brings to our Committee financial planning experience through serving as a president and chief financial officer of a public company and an understanding of the link between such financial planning and incentive compensation.

Key Responsibilities

The Compensation and Human Capital Committee has responsibility for defining and articulating our overall executive compensation philosophy and key compensation policies, including the material risks associated with executive compensation structure, policies and programs. Concurrent with that responsibility, as set out more fully in the Committee's Charter, the Committee has other key responsibilities, including:

- reviewing and approving the corporate goals and objectives relevant to the CEO's compensation, evaluating, together with the other independent members of the Board, the CEO's performance in light of those goals and objectives and, based on such evaluation, recommending the CEO's compensation level for approval by the independent members of the Board;
- administering and approving all elements of compensation for the Company's non-CEO executive officers;
- annually reviewing and discussing with management the Company's compensation policies and practices as applied to employees generally to assess whether any risks arising from such structures, policies and programs are reasonably likely to have a material adverse effect on the Company;
- reviewing our human capital management and inclusion, diversity and equity practices;
- overseeing and approving the management continuity planning process;
- overseeing the evaluation of management;
- approving, by direct action or through delegation, participation in and all awards, grants and related actions under our equity plan;
- monitoring compliance with stock ownership guidelines and administering clawback policies; and
- evaluating, on at least an annual basis, whether any work provided by the Committee's compensation consultant raised any conflict of interest and pre-approving any services to be provided to the Company or its subsidiaries by any of the Committee's compensation consultants.

Compensation and Human Capital Committee Oversight of Kyndryl Compensation

- The Committee approves the individual salary, annual bonus and equity awards for our non-CEO executive officers and approves the aggregate annual bonus and annual long-term equity award pools for employees who are not executive officers.
- The Committee reviews and approves the corporate goals and objectives relevant to our CEO's compensation, evaluates, together with the other independent members of the Board, his performance in light of those goals and objectives and, based on such evaluation, recommends his compensation level for approval by the independent members of the Board.
- The Committee considers the CEO's review of each executive officer's performance and recommendations with respect to his or her compensation.
- The Committee has authority under its charter to retain outside consultants or advisors, as it deems necessary or advisable. In accordance with this authority, the Committee has engaged the services of Frederic W. Cook & Co. ("FW Cook") as its independent compensation consultant. For a detailed discussion regarding the role of compensation consultants with respect to executive and director compensation, see "2024 Executive Compensation—Compensation Discussion and Analysis—Executive Compensation Decision-Making and Oversight."
- Pursuant to its charter and the Amended and Restated Kyndryl 2021 Long-Term Performance Plan, the Committee has delegated limited authority to each of the CEO and the Chief Human Resources Officer to make long-term incentives outside the annual grant process, or "off-cycle grants," to employees and new hires who are not officers subject to Section 16 of the Securities Exchange Act of 1934, as amended (the Exchange Act). The delegation is subject to a cap on the aggregate grant date values of long-term incentives that may be awarded to any individual and a cap on the aggregate grant date value of all awards pursuant to the delegation. Any "off-cycle grants" are reported to the Committee at the next regularly scheduled meeting following such awards.

Kyndryl Code of Conduct

Our code of ethics is The Kyndryl Code of Conduct. The Kyndryl Code of Conduct is applicable to all of our directors, officers and employees, including our Chairman and Chief Executive Officer, Chief Financial Officer, Controller and other senior financial officers. The Kyndryl Code of Conduct sets forth our policies and expectations on a number of topics, including conflicts of interest, compliance with laws (including insider trading laws), use of our assets and business conduct and fair dealing. The Kyndryl Code of Conduct also satisfies the requirements for a code of ethics, as defined by Item 406 of Regulation S-K promulgated by the SEC. The Kyndryl Code of Conduct can be found on our website at investors.kyndryl.com under Corporate Responsibility: Governance: Governance Documents: The Kyndryl Code of Conduct.

To the extent applicable, we will disclose within four business days any substantive changes in, or waivers of, The Kyndryl Code of Conduct granted to our principal executive officer, principal financial officer, principal accounting officer or controller or persons performing similar functions, by posting such information on our website as set forth above rather than by filing a Current Report on Form 8-K. In the case of a waiver for an executive officer or a director, the required disclosure also will be made available on our website within four business days of the date of such waiver.

Securities Trading Policy

The Company has had a securities trading policy since its inception as an independent public company that prohibits trading by any person while in possession of material, non-public information in violation of applicable law. The policy establishes quarterly trading windows during which Company directors, executive officers and key employees are unable to trade Kyndryl securities, as the announcement of annual and quarterly financial results has the potential to have a material impact on Kyndryl securities. Directors, executive officers and key employees must request pre-approval to perform any transactions with their Kyndryl securities during open trading periods. For information regarding the Company's prohibition on the hedging and pledging of Company stock, see "2024 Executive Compensation—Compensation Discussion and Analysis—Additional Compensation Information—Prohibition on Hedging and Pledging of Company Stock" of this Proxy Statement.

Board Corporate Governance Guidelines

Our Board Corporate Governance Guidelines assist the Board in guiding our governance practices. Our Board Corporate Governance Guidelines are periodically reviewed by the Nominating and Governance Committee and Board, and any changes determined by the Nominating and Governance Committee to be appropriate in light of emerging governance practices or otherwise are submitted to the full Board for consideration. These guidelines describe the Board's views in a number of areas, including:

- Board independence;
- leadership structure;
- composition (including director qualifications and diversity of background);
- responsibilities and operations;
- director compensation and stock ownership;
- Chief Executive Officer evaluation and succession planning;
- Board committees;
- director orientation and continuing education;
- director access to management and independent advisers; and
- annual Board and committee evaluations.

Our Board Corporate Governance Guidelines can be found on our website at investors.kyndryl.com under Corporate Responsibility: Governance: Governance Documents: Board Corporate Governance Guidelines.

Corporate Citizenship at Kyndryl

OUR CORPORATE CITIZENSHIP STRATEGY

Our Corporate Citizenship strategy reflects our mission to drive a positive impact on our business aligned with our corporate values. As an independent company, Kyndryl is embracing environmental stewardship, fostering social inclusivity and promoting good governance practices.

At Kyndryl, we are powering human progress to drive success in our business, and we apply this same principle to how we approach, develop and execute our Corporate Citizenship strategy, consisting of three domains: Environment, our sustainability programs; People, our social responsibility programs; and Governance based on trust. As we navigate an ever-changing global economy and geopolitical environment that pose new and complex challenges, as well as opportunities for our customers, communities and the planet, we have built our purpose into the foundation of our business. We recognize our responsibility to foster sustainable practices, support our people and our communities and uphold ethical governance.

BOARD OVERSIGHT OF CORPORATE CITIZENSHIP STRATEGY

An essential aspect of executing our Corporate Citizenship strategy is the role our Board plays. Our Board has oversight of our strategy and the effective implementation of our plans. The Board established the oversight structure below to support management’s execution of our Corporate Citizenship strategy.

OUR CORPORATE CITIZENSHIP HIGHLIGHTS

Since our inception as a public company in November 2021, we have taken meaningful steps to practice, and help our stakeholders practice, and drive sustainability. In September 2023, Kyndryl published its inaugural Corporate Citizenship Report in which we outlined our principles, goals and examples of the progress we have made. This report and updates can be found on the Company’s website at www.kyndryl.com under About Us: Corporate Citizenship.

Continued to monitor and include our Corporate Citizenship’s strategies in our Enterprise Risk Management program.

Certain Relationships and Related Person Transactions

Our Board adopted a written Policy on Related Person Transactions to guide its review, approval and ratification of related person transactions and to assist us in the preparation of related disclosures required by the SEC.

The Policy on Related Person Transactions does not prohibit related person transactions covered by the policy, but provides that such transactions must be reviewed, approved or ratified and disclosed in accordance with the SEC's rules regarding related person transactions.

Under our Policy on Related Person Transactions, information about transactions in which the Company was or is to be a participant and in which any related person had or will have a direct or indirect interest, are reviewed, approved or ratified by the independent directors on our Board or by any committee designated by the Board that is comprised solely of independent directors. Related persons include our directors, director nominees and executive officers, beneficial owners of more than five percent of our common stock, as well as immediate family members of any of the foregoing. If the related person at issue is a director, or a family member of a director, then that director will not participate in those discussions.

In reviewing Related Person Transactions, the independent directors on our Board (or the designated committee) will consider all relevant facts and circumstances, including:

- the relationship of the Related Person to the Company;
- the nature and extent of the Related Person's interest and business rationale for engaging in the Transaction;
- the material terms of the Transaction and whether the value and terms are similar to transactions previously entered into by the Company with non-related persons;
- the importance and fairness of the Transaction both to the Company and to the Related Person; and
- whether the Transaction would likely impair the judgment of a director or executive officer to act in the best interest of the Company and whether the transaction would compromise the director's independence under the NYSE rules (including those applicable to committee service).

The independent directors on our Board (or the designated committee) will not approve or ratify a Related Person Transaction unless they determine that the Transaction is in, or is not inconsistent with, the best interests of the Company. The independent directors on our Board (or the designated committee) will prohibit any Related Person Transaction if they determine it to be inconsistent with the interests of the Company and its stockholders.

In addition to our Policy on Related Person Transactions, The Kyndryl Code of Conduct requires that all employees, officers and directors avoid any situation that involves or appears to involve a conflict of interest between their personal and professional relationships. Our Audit Committee provides oversight regarding compliance with The Kyndryl Code of Conduct. The Kyndryl Code of Conduct also requires that all employees seek approval from senior management and Kyndryl counsel prior to accepting membership on the board of directors, advisory board, advisory council or similar position at another company.

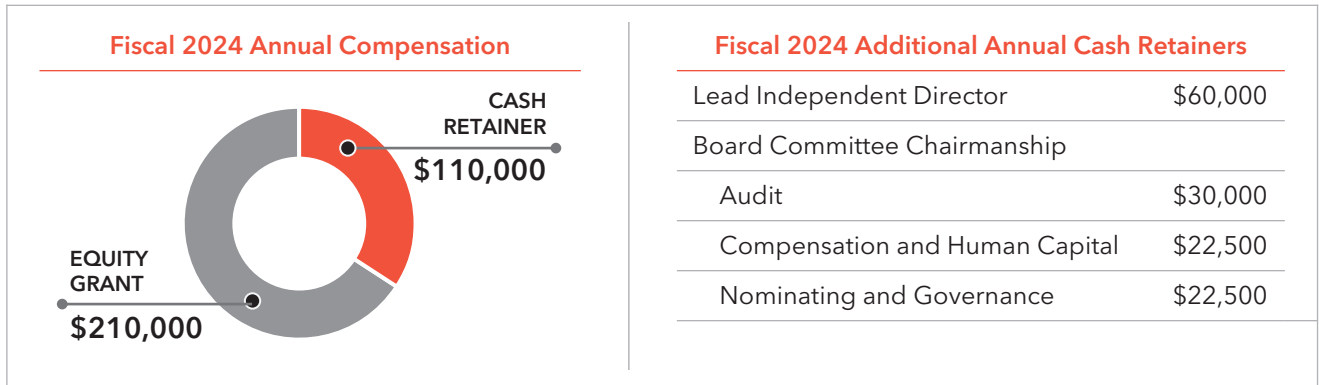

Since April 1, 2023, there have been no related person transactions or pending related person transactions that required disclosure.

Director Compensation

The director compensation program for fiscal 2024, as adopted by the Board and described below, provides that each of our non-employee directors receives a cash retainer and an annual equity award in the form of restricted stock units (RSUs) for their services to the Board and its committees. Mr. Schroeter, Chairman and Chief Executive Officer, does not receive separate compensation for his service on the Board.

The Board believes that annual compensation for non-employee directors should consist of both a cash component, designed to compensate members for their service on the Board and for serving as Lead Independent Director or as the chair of a Board committee, and an equity component, designed to align the interests of directors and stockholders. In addition, each director will be reimbursed for out-of-pocket expenses in connection with his or her services.

This program enables continued attraction and retention of highly qualified directors and to address the time, effort and accountability required by active board membership. Director compensation is periodically reviewed by the Nominating and Governance Committee and the Board, generally on an annual basis.

The cash retainer is paid in installments and prorated for partial years of service. The annual RSU grant is made on the date of the annual meeting each year, has an annual target value of \$210,000 and fully vests on the earlier of the anniversary of the grant date and the date of our next annual meeting following the grant date (provided that the date of the meeting is at least 50 weeks after the grant date). Accordingly, on July 27, 2023, we granted each of our non-employee directors 15,614 RSUs that vest in full on the date of the 2024 Annual Meeting, subject to the director’s continued service through such date.

Our directors are subject to the Stock Ownership Guidelines described under “2024 Executive Compensation—Compensation Discussion and Analysis—Additional Compensation Information—Stock Ownership Guidelines.” Pursuant to such guidelines, our non-employee directors are required to retain 100% of the shares of our common stock underlying the RSUs, net of any amounts required to pay taxes, until they achieve the ownership required by the guidelines.

The table below sets forth information regarding the compensation of each of our non-employee directors for the fiscal year ended March 31, 2024.

Proposal 2—Advisory Vote to Approve Executive Compensation

Pursuant to Section 14A of the Exchange Act, Kyndryl asks that stockholders cast an advisory vote, on a non-binding basis, to approve the compensation of our named executive officers as disclosed in this “2024 Executive Compensation” section beginning on page 33 of this Proxy Statement. While this vote is non-binding on the Company and the Board, Kyndryl values the opinions of our stockholders and, consistent with our record of engagement, will consider the outcome of the vote when making future compensation decisions for our named executive officers.

In deciding how to vote on this proposal, the Board encourages you to read the Compensation Discussion and Analysis, beginning on page 35 of this Proxy Statement. Our executive compensation programs are designed to be consistent with our compensation philosophy to **pay for performance, align with stockholders and pay competitively**. As described in the Compensation Discussion and Analysis, the Compensation and Human Capital Committee and the Board believe that our compensation policies and programs effectively align the interests of our executive officers with the interests of our stockholders by linking a significant portion of their compensation to Kyndryl’s performance and by providing a competitive level of compensation designed to motivate our named executive officers to execute, and reward them for their progress in the execution of, the Company’s strategy to return to profitable growth.

The Board recommends that stockholders vote **FOR**, in an advisory vote, the following resolution:

“**RESOLVED**, that the compensation of the Company’s named executive officers as disclosed in this Proxy Statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and the narrative discussion, is approved.”

The Board has adopted a policy of providing annual advisory approvals of the compensation of our named executive officers. The next advisory vote to approve executive compensation will occur at the Company’s 2025 Annual Meeting of Stockholders.

The Board recommends that you vote **FOR** the approval of the compensation of the named executive officers.

Compensation Discussion and Analysis

I. EXECUTIVE SUMMARY

This Compensation Discussion and Analysis provides a description of Kyndryl’s executive compensation philosophy and programs, and more specifically, discusses the process in determining the compensation of our named executive officers (NEOs).

NEOs

Kyndryl’s NEOs for fiscal year 2024 were the following five executive officers:

				
MARTIN SCHROETER	DAVID WYSHNER	ELLY KEINAN	EDWARD SEBOLD	MARYJO CHARBONNIER
Chairman and Chief Executive Officer	Chief Financial Officer	Group President	General Counsel and Secretary	Chief Human Resources Officer

Our Compensation Philosophy

Our Compensation and Human Capital (CHC) Committee bases its compensation decisions with respect to the compensation of our executive officers on the following principles:

 <p>PAY FOR PERFORMANCE</p> <ul style="list-style-type: none"> • At target, 75%-90% of our NEOs’ compensation opportunity is performance-based • Incentive compensation is tied to our business results and individual performance 	 <p>ALIGN WITH STOCKHOLDERS</p> <ul style="list-style-type: none"> • Incentives are tied to both short-term and long-term performance goals to balance risk while rewarding for delivering financial, operating and strategic performance aligned with our business strategy and stockholder interests • A significant portion of NEO compensation is delivered in equity, further aligning their interests with stockholders • NEOs are required to retain shares earned until minimum share ownership levels are achieved per our stock ownership guidelines 	 <p>PAY COMPETITIVELY</p> <ul style="list-style-type: none"> • Total target compensation levels are competitive to attract and retain high-performing talent • Actual pay levels will vary based on performance results

Fiscal 2024 Performance Highlights

In the fiscal year ended March 31, 2024 (fiscal 2024), Kyndryl's second full fiscal year operating as an independent company, the Company continued to execute on its strategy to return to profitable growth, by focusing on its "three-A's" initiatives.

Kyndryl exceeded all of its strategic objectives in its "three-A's" initiatives for fiscal 2024:

- **Alliances initiative** – the Company leveraged its partnerships with leading technology companies, exceeding its goal for revenue tied to cloud hyperscaler alliances;
- **Advanced Delivery initiative** – the Company strengthened its automation capabilities, allowing it to redeploy delivery professionals to serve new revenue streams and backfill attrition and exceed related cost savings objectives; and
- **Accounts initiative** – the Company continued to address customer relationships with substandard margins to exceed on its fiscal 2024 goal for profit growth.

Incremental to the benefits from the three-A's initiatives, the Company has driven strong growth in Kyndryl Consult, the advisory and implementation services that Kyndryl provides to customers across the Company's global business practice areas and geographic segments, expanded its hyperscaler relationships and accelerated adoption by customers of its Kyndryl Bridge operating platform.

The CHC Committee selected revenues and adjusted EBITDA as the two financial performance metrics, and also set the Company's non-financial performance metric, for purposes of determining the Company's annual cash bonus opportunities for fiscal 2024. In setting financial performance goals for the Company's NEOs for fiscal 2024, the CHC Committee considered that the Company's financial results in fiscal 2024 would be largely driven by actions taken and contracts entered into prior to the Company's spin-off from our former parent company (Spin-off). The CHC Committee also recognized the Company's publicly disclosed guidance, including that the Accounts initiative would reduce aggregate revenues in the near-term as management continues to focus on reducing certain low-margin revenue streams to strengthen margins and overall profitability. Based on these factors, the CHC Committee set the fiscal 2024 revenue goal for the Company's NEOs at a lower level than the revenue performance the Company achieved in fiscal 2023 and in line with the Company's publicly disclosed guidance, with most of the decline due to strategic actions by Kyndryl to reduce certain low-margin revenue streams in connection with the Company's Accounts initiative. The CHC Committee believed this revenue goal would nonetheless be difficult to achieve, while setting the 2024 adjusted EBITDA goal at a higher level than the financial performance the Company achieved in fiscal 2023 consistent with the Company's medium-term strategy of returning to profitable growth.

For fiscal 2024, the Company achieved the following:

- Revenues of \$16.1 billion, a decline of 6% and 6% in constant currency*, compared to the year ended March 31, 2023;
- Adjusted EBITDA of \$2.4 billion*, compared to adjusted EBITDA of \$2.0 billion* in the year ended March 31, 2023; and
- The Company achieved key corporate citizenship objectives of: continuing to build the foundation of our sustainability program to deliver our commitment to reduce our environmental impact; maintaining at or better than industry average levels of employee engagement; advancing key diversity and inclusion goals globally; and continuing to establish a foundation for the culture, systems and platforms which enhance governance, ethics and transparency.

See "Corporate Citizenship at Kyndryl" for a detailed discussion of our accomplishments on our corporate citizenship goals to further the Company's strategy.

* To evaluate performance in a manner consistent with how management evaluates our operating results and trends, the CHC Committee applies certain financial metrics that are not calculated based on generally accepted accounting principles in the United States (GAAP) as compensation performance measures for the long-term and annual incentive awards. Constant currency and adjusted EBITDA are non-GAAP financial measures. For a definition of constant currency and a reconciliation of adjusted EBITDA to net loss, see Part II, Item 7. "Management's Discussion and Analysis of Financial Condition and Results of Operations—Segment Results" in our Fiscal 2024 Form 10-K.

Stockholder Engagement and Say-on-Pay Vote

Our Board and CHC Committee value the perspectives of our stockholders and consider stockholder feedback in their annual review of executive compensation. Kyndryl regularly engages with stockholders throughout the year, both in connection with our Annual Meeting of Stockholders and as described under “Corporate Governance and Board Matters—Investor Engagement,” and the discussion includes a broad range of topics, including executive compensation matters.

The 2023 annual vote on an advisory resolution to approve the compensation of our NEOs (“say-on-pay”), passed with approximately 88% of the votes in favor. Given this high level of support, as well as stockholder feedback we received during our regular engagement with our stockholders, the CHC Committee believes that our stockholders are generally supportive of the executive compensation program the CHC Committee put in place following the Spin-off for periods after 2021. In evaluating our compensation practices, the CHC Committee took into account the support of our stockholders, together with the Company’s strategic objectives and market practice, and decided not to make significant changes to this executive compensation program, which is described in detail below.

How Our NEOs Are Paid

The table below presents the primary compensation elements of our executive compensation program as applied to our NEOs.

	Payment Form	Performance and/or Service Condition	Compensation Objective
Base Salary	<ul style="list-style-type: none"> Cash 	<ul style="list-style-type: none"> NA 	<ul style="list-style-type: none"> Provide market-competitive, fixed level of compensation Attract and retain high-performing talent

In addition, our CHC Committee determined that it is appropriate to provide the NEOs with benefits generally available to all employees and certain limited perquisites the CHC Committee determined were necessary to perform their duties efficiently and minimize distractions. See “–Other Compensation” below.

Target Compensation Mix

Consistent with our compensation philosophy, the compensation of our NEOs is long-term focused, and our pay mix places the greatest emphasis on performance-based incentives. The following pie charts show the fiscal 2024 target annual compensation mix for our CEO and our other NEOs.

Our Executive Compensation Best Practices

Our CHC Committee reviews the Company's executive compensation program on an ongoing basis to evaluate whether it supports the CHC Committee's executive compensation philosophies and objectives and is aligned with stockholder interests. Our executive compensation practices include the following, each of which the CHC Committee believes reinforces our executive compensation objectives:

What We Do

- ✓ Significant percentage of target annual compensation delivered in the form of variable compensation tied to performance
- ✓ Long-term objectives aligned with the creation of stockholder value
- ✓ Market comparison of executive compensation against a relevant peer group
- ✓ Use of an independent compensation consultant reporting directly to the CHC Committee and providing no other services to the Company
- ✓ Robust stock ownership guidelines (6 times base salary for CEO and 3 times base salary for other NEOs)
- ✓ Stringent clawback policies and provisions, including a policy consistent with SEC rules and NYSE listing standards, as well as an additional supplemental policy
- ✓ Non-competition and non-solicitation agreements for senior executives where not prohibited by applicable law
- ✓ Limited perquisites as approved by the CHC Committee
- ✓ One-year minimum vesting condition under our long-term incentive plan
- ✓ Annual compensation risk review and assessment

What We Don't Do

- ✗ No tax gross-ups
- ✗ No "single-trigger" change in control severance benefits
- ✗ No excessive severance benefits
- ✗ No "single-trigger" change in control equity vesting
- ✗ No hedging or pledging of Company shares by our executive officers
- ✗ No evergreen provision in our long-term incentive plan
- ✗ No repricing of underwater stock options permitted without stockholder approval
- ✗ No multi-year employment agreements
- ✗ No guaranteed annual bonuses or incentive awards for executive officers

II. EXECUTIVE COMPENSATION DECISION-MAKING AND OVERSIGHT

Role of Our CHC Committee, Our Independent Directors and Management

Our CHC Committee is responsible for defining and articulating our overall executive compensation philosophy and key compensation policies, including the material risks associated with our executive compensation structure, policies and programs. The CHC Committee undertakes an annual review of the compensation of our executive officers and an annual evaluation of its own performance. The CHC Committee consists solely of independent members of the Board.

With respect to the compensation of our Chief Executive Officer, Mr. Schroeter, the CHC Committee reviews and approves the corporate goals and objectives relevant to such compensation, evaluates, together with the other independent members of the Board, his performance in light of those goals and objectives, and, based on such evaluation, recommends his compensation level for approval by the independent members of the Board. Mr. Schroeter does not participate in the determination of his own compensation. Our CHC Committee administers and approves all elements of the compensation of our non-CEO executive officers. In setting the compensation of our non-CEO executive officers, the CHC Committee takes into account Mr. Schroeter's review of each executive officer's performance and his recommendations with respect to his or her compensation.

Role of Compensation Consultants

Our CHC Committee has engaged FW Cook to serve as the CHC Committee's independent compensation consultant. FW Cook and its affiliates do not provide any services to the Company or any of the Company's affiliates other than advising the CHC Committee on executive compensation and the Nominating and Governance Committee on director compensation. At the CHC Committee's request, FW Cook regularly advises the CHC Committee on general marketplace trends in executive compensation, provides analysis and advice to the CHC Committee as to the amount and form of executive compensation, makes proposals for executive compensation programs, assists in the development of a group of peer companies for inclusion in competitive market analyses of compensation and otherwise advises the CHC Committee with regard to the compensation of our Chief Executive Officer and other executives. FW Cook also reviewed this Compensation Discussion and Analysis. The CHC Committee has assessed the independence of FW Cook pursuant to the applicable rules of the SEC and NYSE and determined that its engagement does not raise any conflict of interest.

Use of Competitive Data

Our CHC Committee believes it is important to clearly understand the relevant market for executive talent to inform its decision-making and ensure that our compensation program for executive officers attracts and retains key talent. Accordingly, the CHC Committee, working with FW Cook, has developed a group of peer companies to inform the Company's executive compensation decisions, which is reviewed annually to ensure that the companies constituting the peer group continue to provide meaningful and relevant compensation comparisons.

The CHC Committee believes that the peer group companies are an appropriate reference to inform the Company's executive compensation decisions based on several important criteria:

- their listing on a U.S. stock exchange and subjection to reporting obligations similar to Kyndryl's;
- the similarity of their industry classification to Kyndryl's classification;
- the extent to which they compete with Kyndryl for executive talent and for investors;
- the similarity in the scale of their business to that of Kyndryl's; and
- general comparability of key size measures, primarily revenue and number of employees.

The CHC Committee determined that no changes were necessary to our peer group for the fiscal 2024 performance year, which consisted of the 15 companies set forth below.

• Accenture plc	• Cognizant Technology Solutions Corporation	• Leidos Holdings, Inc.
• Aon plc	• DXC Technology Company	• Marsh & McLennan Companies, Inc.
• Automatic Data Processing, Inc.	• Fidelity National Information Services, Inc.	• Salesforce, Inc.
• Booz Allen Hamilton Holding Corporation	• Fiserv, Inc.	• Science Applications International Corporation
• Cisco Systems, Inc.	• Hewlett Packard Enterprise Company	• VMware, Inc.

Effective for the fiscal 2025 performance year, the CHC Committee made updates to ensure that the peer group continues to remain appropriate for evaluating the competitiveness of our compensation program, including removing VMware, Inc., which was acquired by Broadcom Inc. in November 2023, and adding Jacobs Solutions Inc., primarily based on the comparability of its business and size to Kyndryl.

At the time the peer group was reviewed and approved in October 2023, the Company's revenue approximated the median of the peer group.

While our CHC Committee reviews compensation levels for comparable roles within the peer group to inform its determinations regarding the compensation of our executive officers, our CHC Committee does not rely solely on data from the peer group in establishing the compensation for our executive officers nor does our CHC Committee target a specific competitive position versus the peer group. Our CHC Committee also refers to other resources, including published compensation data from other third-party surveys. The compensation data of the peer group and such other resources are considered alongside the Company's pay-for-performance and long-term value creation objectives in determining the compensation for our executive officers that best aligns management's interests with those of our stockholders.

III. ELEMENTS OF COMPENSATION AND COMPENSATION DECISIONS

Base Salaries

[LINK TO COMPENSATION PHILOSOPHY](#)

Base salary is intended to provide a market-competitive, fixed level of compensation and attract and retain high-performing talent. Base salaries are expected to be reviewed annually, and the CHC Committee may adjust individual base salaries from time to time to recognize outstanding performance, changes in duties or roles with the Company and/or changes in overall labor market dynamics.

The table below sets forth the annual base salaries for our NEOs at the end of fiscal 2023 and the end of fiscal 2024. The CHC Committee determined that the increases set forth below were appropriate based on NEO performance, a review of market data and the fact that our NEOs had not received base salary increases since the Spin-off in November 2021.

Name	Annual Base Salary as of March 31, 2023 (\$)	Annual Base Salary as of March 31, 2024 (\$)
Martin Schroeter	1,000,000	1,100,000
David Wyshner	780,000	825,000
Elly Keinan	800,000	830,000
Edward Sebold	666,667	700,000

Annual Cash Bonus

[LINK TO COMPENSATION PHILOSOPHY](#)

Annual cash bonus opportunities are intended to encourage NEOs, as well as other employees, to focus on multiple performance objectives that are key to creating stockholder value by delivering financial, operating and strategic performance that is aligned with our business strategy and stockholder interests.

The CHC Committee annually evaluates a broad range of financial and non-financial metrics, including metrics relating to the Company's corporate citizenship strategy, to determine the appropriate annual bonus award metrics.

The CHC Committee determined to award the NEOs cash bonus opportunities under the Kyndryl Annual Incentive Plan for Executives for fiscal 2024.

Target amounts for the cash bonus opportunities were equal to 200% of their respective base salaries for Messrs. Schroeter and Keinan and 125% of their respective base salaries for Messrs. Wyshner and Sebold and Ms. Charbonnier. Actual bonuses can range from 0% to 200% of the target award opportunity for each NEO. As part of its review and market check in May 2023, the CHC Committee determined that setting the NEOs' target short-term cash incentives at these levels (which were unchanged as a percentage of base salary from fiscal 2023 levels) furthered the CHC Committee's objective of awarding compensation opportunities that are majority performance-based and tied to the Company's business results. The tables below set forth the performance metrics selected by the CHC Committee, their relative weightings, the target amounts and qualitative goals approved by the CHC Committee with respect to each metric based on the Company's fiscal 2024 budget and corporate citizenship strategy and the CHC Committee's rationale for the selection of each metric. In particular, the revenue goal reflected the fact that revenue for fiscal 2024 was expected to decline, primarily due to proactive, strategic actions by the Company in connection with the Company's Accounts initiative to reduce certain low-margin revenue streams to

strengthen margins and overall profitability, and, due to the nature of the Company's business, the Company's financial results would be largely driven by actions taken and contracts entered into prior to the Spin-off. The CHC Committee also determined to maintain the relative weightings, including the revenue goal for the foregoing reasons, and in recognition of the Company's focus on returning to profitable growth, set the 2024 adjusted EBITDA goal at a level 8% higher than the financial performance the Company reported in our fiscal 2023 earnings release. While the fiscal 2024 adjusted EBITDA target of \$2.130 billion was 3% lower than the adjusted EBITDA value of \$2.202 billion used for the fiscal 2023 cash bonus attainment calculations, it should be noted that the adjusted EBITDA value used for the fiscal 2023 cash bonus attainment calculations included an upward adjustment for currency variance versus the adjusted EBITDA goal set at the beginning of fiscal 2023. We generate a majority of the Company's revenue outside the U.S., which can significantly impact reported results when the U.S. dollar exchange rate fluctuates against other currencies in any reporting period.

Metric ⁽¹⁾	Weighting	Target Amount	Rationale for Selection
Adjusted EBITDA⁽²⁾	60%	\$2.130 billion	<ul style="list-style-type: none"> Used by management to assess our financial performance Used by investors to assess our business CHC Committee believes this metric provides a reliable indicator of the strength of our financial results
Revenue	30%	\$16.158 billion	<ul style="list-style-type: none"> Used by management to assess our financial performance Used by investors to assess our business
Corporate Citizenship	10%	See ⁽³⁾ below	<ul style="list-style-type: none"> Encourages management to focus on the achievement of corporate citizenship goals that the CHC Committee believes further the Company's strategy

⁽¹⁾ When assessing performance for purposes of the Kyndryl Annual Incentive Plan, the CHC Committee may adjust for certain pre-determined items as described further below.

⁽²⁾ Adjusted EBITDA is defined as net income (loss) excluding interest expense, income taxes, depreciation and amortization (excluding depreciation of right-of-use assets and amortization of capitalized contract costs), charges related to ceasing to use leased/fixed assets, charges related to lease terminations, transaction-related costs and benefits, pension costs other than pension servicing costs and multi-employer plan costs, stock-based compensation expense, workforce rebalancing charges, impairment expense, significant litigation costs and foreign currency impacts of highly inflationary countries. For a more detailed description of the items excluded from the measure, see Part II, Item 7. "Management's Discussion and Analysis of Financial Condition and Results of Operations—Segment Results" in our Fiscal 2024 Form 10-K.

⁽³⁾ The corporate citizenship goals are focused on achieving the following three strategic objectives: (1) environmentally sound practices; (2) attract, retain and motivate our workforce, ensuring critical skills to enable growth and a thriving culture; and (3) governance, ethics and transparency. The CHC Committee retained discretion to determine the relative weightings of the qualitative goals underlying these three strategic objectives within the corporate citizenship metric.

For each NEO, the outcome of our performance with respect to revenue, adjusted EBITDA and corporate citizenship goals set forth above was subject to adjustment upwards (but not above 200% of target) or downwards based on individual performance, provided that the sum of the individual payouts could not exceed the total overall funding level for participants in the bonus pool based on the achievement of the performance criteria for fiscal 2024.

The following tables set forth the payout percentages for threshold, target and maximum achievement as a percentage of the target revenue and adjusted EBITDA amounts. To the extent that performance fell between the applicable levels for each of these metrics set forth in the table below, payouts were determined using linear interpolation. To the extent that performance fell below the applicable threshold levels, no payouts would have been made in connection with our performance with respect to such goal.

Revenue (30% Weighting)	Below Threshold	Threshold	Target	Maximum
% of Goal Attainment	<95%	95%	100%	108%
% of Target Payout	0%	20%	100%	200%

⁽¹⁾ In setting targets, the CHC Committee took into account the Company's publicly disclosed outlook projecting revenue declines for fiscal 2024 and a return to revenue growth in calendar year 2025. As a result, the CHC Committee increased the maximum revenue goal attainment from 105% to 108% in fiscal 2024, representing stretch performance that would warrant a maximum payout in light of the expected year-over-year revenue decline.

Adjusted EBITDA (60% Weighting)	Below Threshold	Threshold	Target	Maximum
% of Goal Attainment	<90%	90%	100%	110%
% of Target Payout	0%	50%	100%	200%

Automatic Adjustments and CHC Committee Discretion

The financial results for fiscal 2024 were subject to pre-determined adjustments to remove the impact of currency movements and any material impact of changes in GAAP or other accounting standards, as well as changes in tax laws that result in a material impact to financial results. In addition, the CHC Committee had pre-determined that the financial results for fiscal 2024 may be subject to other adjustments for the impact of certain items to the extent that they occur, including unplanned acquisitions or divestitures, loss of contracts not novated in the Spin-off, special items adjusted for in the Company's public disclosures including without limitation impairments and gains and losses on divestitures or sales of assets outside of the normal course of operations, and material changes to commercial agreements driven by a change in the strategies of the Company's former parent if such situations occurred. Finally, under the Kyndryl Annual Incentive Plan for Executives, the CHC Committee has discretion to change the incentive formula or increase, reduce or eliminate a participant's award, in each case at any time up to the date of payment.

Determination of Fiscal 2024 Achievement and Payouts

The table below shows the actual results based on the Company's fiscal 2024 performance and the payouts associated with each of the fiscal 2024 metrics as a percentage of target. The dollar amounts set forth in the table reflect the Company's actual performance, adjusted to remove the impact of currency movements.

Metrics	Performance Target	Actual Performance, as Adjusted ⁽¹⁾	% of Target Payout
Revenue	\$16.158 billion	\$16.411 billion	108%
Adjusted EBITDA	\$2.130 billion	\$2.361 billion	200%
Corporate Citizenship	See ⁽²⁾ below	See ⁽²⁾ below	100%

⁽¹⁾ When assessing performance for purposes of the Kyndryl Annual Incentive Plan, the CHC Committee may adjust for certain pre-determined items as described further above. For fiscal 2024, beginning with GAAP revenue and adjusted EBITDA as reported in our earnings release, as previously approved by the Committee, adjustments were made to eliminate the impact of currency movements and to adjust for differences between actual foreign exchange rates and the foreign exchange rates used in the Company's 2024 financial target plan. For adjusted EBITDA, the Committee further adjusted the results downward for certain items that were not reflected in the Company's 2024 financial target plan.

- (2) The percentage of target payout with respect to the corporate citizenship objectives was determined based on the Company's achievement of key qualitative goals to further the Company's corporate citizenship strategy: continuing to build the foundation of our sustainability program to deliver our commitment to reduce our environmental impact; maintaining at or better than industry average levels of employee engagement; advancing key diversity and inclusion goals globally; and continuing to establish a foundation for the culture, systems and platforms which enhance governance, ethics and transparency.

The results set forth above produced a weighted payout percentage of 162% of target. The CHC Committee determined not to adjust the weighted payout percentage for the individual performance of any of the NEOs. Based on the performance achieved, each of the NEOs earned a cash bonus for fiscal 2024 as follows, which amounts are reflected in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table:

Name	Base salary ⁽¹⁾	Target bonus as a percentage of base salary	Target bonus opportunity ⁽²⁾	Weighted payout percentage	Fiscal 2024 bonus payment
Martin Schroeter	\$1,100,000	200%	\$2,150,273	162%	\$3,483,442
David Wyshner	\$ 825,000	125%	\$1,017,264	162%	\$1,647,968
Elly Keinan	\$ 830,000	200%	\$1,645,082	162%	\$2,665,033
Edward Sebold	\$ 700,000	125%	\$ 864,640	162%	\$1,400,717
Maryjo Charbonnier	\$ 650,000	125%	\$ 801,622	162%	\$1,298,628

(1) Effective as of July 1, 2023.

(2) Fiscal 2024 AIP target incentive opportunity is prorated for changes in each executive officer's salary during the fiscal year.

Long-Term Equity Incentives

[LINK TO
COMPENSATION
PHILOSOPHY](#)

Long-term equity incentive awards are intended to ensure that our NEOs have a continuing stake in our long-term success, are motivated to achieve longer-term performance objectives linked to our business strategy and receive compensation tied to stockholder value creation. We grant long-term equity incentive (LTI) awards under the Amended and Restated Kyndryl 2021 Long-Term Performance Plan (LTPP).

In determining the size and award mix of the annual long-term incentive opportunity, the CHC Committee considers a number of factors, including competitive market data. The CHC Committee currently awards a mix of performance share units (PSUs) and time-vesting restricted stock units (RSUs) that consists 65% of PSUs and 35% of RSUs, to NEOs as part of the annual long-term incentive opportunity.

Once performance share unit awards have been granted, the number of shares that an NEO will receive on vesting, if any, depends on the Company's attainment of specific financial or strategic targets.

Finally, the CHC Committee considers time-vesting restricted stock units an important tool to retain key talent and ensure that executives have a continuing stake in our long-term success.

As part of the review of the compensation of our NEOs undertaken by the CHC Committee in April 2023, our CHC Committee reviewed the target long-term equity incentives of each of the NEOs, including in comparison to market data. No changes were made to the NEOs' target long-term equity incentives in fiscal 2024.

In August 2023, the CHC Committee granted the fiscal 2024 annual long-term equity incentive awards under the LTPP in the form of PSUs and RSUs. The CHC Committee determined to balance its goals of tying our NEOs' compensation to achievement of business objectives and attracting and retaining high-performing talent by awarding 65% of the total target award opportunity in the form of PSUs and 35% of the total target award opportunity in the form of time-vesting RSUs for each of our executive officers. Beginning with fiscal 2025, our CHC Committee determined to grant annual long-term incentive awards in early June of each year, shortly following our public announcement of our financial results for the prior completed fiscal year and publication of our outlook for the current fiscal year to align with market practice.

The CHC Committee determined to link the vesting of the PSUs to the achievement of the Company's business objectives and the creation of stockholder value by basing the vesting of the PSUs on the Company's adjusted operating cash flow, total signings and TSR relative to that of the companies in the S&P 400 Mid-Cap Index, in each case, over the performance period beginning April 1, 2023 (or, in the case of the Relative TSR metric, August 1, 2023) and ending March 31, 2026 (the Performance Period). The table below sets forth these performance metrics, their relative weightings and the CHC Committee's rationale for the selection of each metric.

Metric	Weighting	Rationale for Selection
Adjusted Operating Cash Flow⁽¹⁾	50%	<ul style="list-style-type: none"> Used by management to evaluate our operating results, plan strategic investments and assess our ability and need to incur and service debt Used by investors to assess our business CHC Committee believes this metric is an indicator of the strength of our operating results
Total Signings⁽²⁾	25%	<ul style="list-style-type: none"> Used by management to provide insight into the Company's potential future revenue and as a tool to monitor performance of the business, including the business' ability to attract new customers and sell additional scope into our existing customer base Used by investors to assess our business CHC Committee believes this metric is an indicator of future value creation
Relative TSR⁽³⁾	25%	<ul style="list-style-type: none"> Reflects the performance of Kyndryl's stock relative to its peers; payout of PSUs is also capped at target if absolute TSR is negative

(1) "Adjusted Operating Cash Flow" means cash flow from operating activities with the following add-backs: separation-related costs, workforce rebalancing and restructuring charges, transaction-related payments and integration-related items, goodwill and long-lived asset impairment charges, foreign currency impacts of highly inflationary countries, significant litigation payments, amortization of intangible assets, stock-based compensation, and pension costs other than pension servicing costs and multi-employer plan costs. When assessing performance for purposes of the LTI, adjustments are made for certain pre-determined items, including actual foreign exchange rates and the foreign exchange rates used in the Company's financial plans for such periods, unless otherwise determined by the Committee.

(2) "Signings" means an initial estimate of the value of a customer's commitment under a contract. "Total Signings" means the aggregate amount of all Signings during the Performance Period.

- (3) TSR is determined by dividing (a) (x) the average closing stock price of the five trading days ending on the last day of the Performance Period (March 31, 2026), assuming that dividends during the Performance Period are reinvested in additional shares of the issuing entity's stock, less (y) the average closing stock price of the five trading days ending on the first day of the performance period (August 1, 2023) by (b) the average closing stock price of the five trading days ending on the first day of the performance period (August 1, 2023). In order to compare Kyndryl's Relative TSR with that of the companies in the S&P 400 Mid-Cap Index, each company in the S&P 400 Mid-Cap Index as of August 1, 2023 (collectively, the PSU Peer Group) will be ranked in order of its TSR (provided that any company that ceases to be a member of the PSU Peer Group after August 1, 2023 because it ceases to be listed on a securities exchange will cease to be a member of the PSU Peer Group). A member of the PSU Peer Group will be removed if either during the performance period, the company makes a public disclosure of its intent or agreement to enter into a merger or sale with another company, after which the company will no longer be listed on a securities exchange, or it is not listed on a securities exchange for the entire performance period. Kyndryl's percentile rank among the companies in the PSU Peer Group will then be used to determine the percentage vesting of PSUs as further described below.

The table below sets forth the total target value of the fiscal 2024 long-term equity incentive awards made to each NEO and represent the percentages of their respective total target compensation, as well as the fair market value on the grant date of the RSUs and the target value of the PSUs, assuming that the target level of performance is achieved.

- (1) The number of RSUs our NEOs received was determined by dividing the values in the table above by the average of the high and low prices of our common stock on the NYSE on the grant date (\$13.37).
- (2) The target number of PSUs our NEOs received that will vest based upon our achievement of Adjusted Operating Cash Flow and Total Signings was determined by dividing the values in the table above by the average of the high and low prices of our common stock on the NYSE on the grant date (\$13.37).
- (3) The target number of PSUs our NEOs received that will vest based upon our achievement of Relative TSR was determined by dividing the values in the table above by the product of the average of the high and low prices of our common stock on the NYSE on the grant date and a Monte Carlo valuation percentage.

RSUs. The RSUs vest in four equal annual installments beginning on the anniversary of the grant date, subject to the NEO's continued employment with the Company through each applicable vesting date.

PSUs. The PSUs vest upon the CHC Committee's certification of the extent to which the performance criteria have been achieved during the Performance Period. The table below sets forth the percentage of PSUs that vest upon our achievement of below threshold, threshold, target and maximum performance for each of the performance criteria.

Performance Level	Adjusted Operating Cash Flow		Total Signings		Relative TSR	
	Kyndryl Performance Rate vs. Target	Percentage of PSUs that vest (out of a target of 50%)	Kyndryl Performance Rate vs. Target	Percentage of PSUs that vest (out of a target of 25%)	Kyndryl Percentile Rank	Percentage of PSUs that vest (out of a target of 25%)
Below Threshold	Below 80%	0%	Below 80%	0%	Below 25 th	0%
Threshold	80%	25%	80%	5%	25 th	12.5%
Target	100%	50%	98%-102%	25%	50 th	25%
Maximum	120%	75%	120%	37.5%	75 th ⁽¹⁾	37.5% ⁽¹⁾

⁽¹⁾ For the fiscal 2024-2026 performance period, the CHC Committee made the following changes to the Relative TSR performance criteria to reduce the Monte Carlo valuation premium (relative to the Company's stock price) and align the accounting valuation of the Relative TSR PSUs with the accounting valuation of other PSUs and RSUs:

- Changed the maximum payout to 150% of target at the 75th percentile (from 200% at the 90th percentile);
- Capped the maximum payout value at 400% of the target number of Relative TSR PSUs multiplied by the grant date closing stock price, as measured by the closing stock price on the last day of the performance period, so that should performance and stock price result in the value exceeding this 400% cap at the end of the performance period, the number of PSUs distributed will be reduced to align with the cap; and
- Aligned the Relative TSR performance start date with the grant date (August 1, 2023).

If actual performance with respect to a performance criterion is determined by the CHC Committee to fall between the Threshold and Target levels of achievement or the Target and Maximum levels of achievement, then the percentage of PSUs that vest will be determined by linear interpolation. Notwithstanding the foregoing, if our TSR at the end of the Performance Period is negative, the percentage of PSUs that vest in respect of Relative TSR will be capped at 100%.

For information about the treatment of the RSUs and PSUs in the event of certain terminations or a change in control, see "Potential Payments upon Termination or Change in Control" below.

Other Compensation

Executive Severance and Retirement Plan

The Company maintains the Kyndryl Executive Severance and Retirement Plan (Severance Plan), which is described in detail under "Potential Payments upon Termination or Change in Control" below. Each of the NEOs is entitled to benefits under the Severance Plan, as set forth under "Potential Payments upon Termination or Change in Control." The CHC Committee considers it important that the Company not have to engage in case-by-case negotiations with respect to executive departures. The CHC Committee also believes that having a severance plan furthers the Company's ability to attract and retain talented executives and that being covered under the terms of a severance plan would allow executives to focus on their duties and provide them security in the event of proposed extraordinary transactions.

Limited Perquisites

Consistent with our compensation philosophy, we provide our NEOs with limited perquisites, as set forth in the table below. The CHC Committee has determined that these perquisites are necessary to enable the NEOs to perform their duties efficiently and to minimize distractions, and that the benefits the Company receives from providing these perquisites significantly outweigh the cost of providing them.

Benefit	CEO	Other NEOs	Description and Business Rationale
Executive Wellbeing Program	✓	✓	<ul style="list-style-type: none"> Executive health exams are offered to encourage senior leaders of the Company to be proactive with preventive healthcare.
Executive Financial Wellness Programs	✓	✓	<ul style="list-style-type: none"> Financial planning and tax preparation services are offered to allow our NEOs to focus more fully on their service to the Company without the distraction of sometimes complex tax compliance and financial planning.
Personal Use of Aircraft	✓		<ul style="list-style-type: none"> We permit Mr. Schroeter, but not any of the other NEOs, to fly on a Company-provided aircraft for personal travel in an amount limited to an aggregate incremental cost to the Company of \$200,000 per calendar year. We provide this benefit to Mr. Schroeter for security purposes, so he can use his travel time more productively for the Company and to ensure that he can be immediately available to respond to business priorities.
Company Car and Driver	✓	Group President	<ul style="list-style-type: none"> A Company car and driver are provided when necessary for security and/or productivity reasons. Messrs. Schroeter and Keinan (including if accompanied by families) are provided use of a Company car and driver. No other NEO is provided with a Company car or driver.
Personal Security	✓	✓	<ul style="list-style-type: none"> We also provide certain personal security benefits with respect to our executive officers' residences and business or personal travel as deemed necessary by the Company's security team and/or an outside security firm to enhance the safety and welfare of the Company's most critical executives.

It is our policy not to provide tax gross-ups for the perquisites we provide to our NEOs. The incremental cost to the Company to provide these limited perquisites is included in the "All Other Compensation" column of the Summary Compensation Table.

Other Benefits

Our executives, including our NEOs, are eligible to participate in the following broad-based employee benefit plans, which are generally available to all U.S. salaried employees and in which the NEOs participate on the same basis as such other employees:

- Group medical insurance
- Group dental insurance
- Group vision insurance
- Flexible spending accounts
- Group AD&D insurance
- Group life insurance
- Kyndryl 401(k) Plan

Excess Plan

In addition, we maintain the Kyndryl Excess Plan (Kyndryl Excess Plan), a nonqualified deferred compensation plan that offers eligible employees, including the NEOs, an opportunity to defer up to 80% of their eligible compensation (including base and performance pay, but not any non-recurring compensation) in excess of the limits imposed by the Code under the Kyndryl 401(k) Plan. For eligible employees that transferred from IBM, including Messrs. Schroeter, Keinan and Sebold and Ms. Charbonnier, we will make an annual contribution to the Excess Plan equal to 6% of the eligible pay in excess of the limits under the Code, but will not make any contributions to the Kyndryl Excess Plan for new hires. Distributions are made following death (in a lump sum) or following a separation from service (in a lump sum or installments, based on the employee's distribution election), subject to certain exceptions for compliance with Section 409A of the Code. For additional information about the Kyndryl Excess Plan, as well as IBM's excess plan (in which Messrs. Schroeter, Keinan and Sebold maintain balances distributable following death or a separation from service to Kyndryl), see "Nonqualified Deferred Compensation for Fiscal 2024."

IV. ADDITIONAL COMPENSATION INFORMATION

No Long-Term Employment Agreements

We generally do not enter into employment agreements with our executives. In connection with the Spin-off, we assumed the offer letters each of Messrs. Schroeter, Wyshner and Keinan and Ms. Charbonnier had with IBM, which set forth their initial compensation terms, but did not contain ongoing obligations such as guaranteed salary or bonus levels, guaranteed equity compensation levels or severance terms.

Non-competition and Non-solicitation Agreements

Certain of our executives, including the NEOs, have signed non-competition and non-solicitation agreements. The agreements contain a non-competition covenant that applies during the executive's employment and for 12 months following termination of employment (except in the case where the executive qualifies for continued RSU vesting under the Severance Plan in which case the restrictions extend for 24 months following termination of employment) and a non-solicitation covenant that applies during the executive's employment and for 12 months following termination of employment (or two years following termination of employment in the event of retirement under the Severance Plan).

Stock Ownership Guidelines

To further align management and stockholder interests and discourage inappropriate or excessive risk-taking, our robust stock ownership guidelines require each of our NEOs, certain other executives and non-employee directors to obtain a substantial equity stake in our common stock within five years of first becoming subject to the guidelines. The multiples of base salary required by the guidelines for our NEOs, other executives subject to the stock ownership guidelines and non-employee directors are as follows:

Position	Stock Ownership Requirement	Compliance Period
CEO	6 times base salary	Within 5 years of first becoming subject to the guidelines
NEOs (other than CEO)	3 times base salary	
Next layers of management, generally encompassing our top non-NEO executives	1 or 2 times base salary, depending on level within organization	
Non-employee directors	5 times annual cash retainer	

Until the stock ownership guidelines are achieved, our executive officers and non-employee directors are required to retain 100% of any Company stock received as part of their compensation other than amounts required to pay taxes and exercise prices, and other executives are required to retain 100% of shares from awards granted on December 16, 2021 and at least 50% of any Company stock received as part of their annual compensation and at hire, if applicable. In each case, these holding requirements are net of amounts required to pay taxes and exercise prices. For purposes of determining compliance with the stock ownership guidelines, the following are included:

- Shares held directly by the covered person
- Shares held by members of the covered person's household
- Deferred stock units, so long as not forfeitable
- Unvested restricted stock or RSU awards

Unexercised stock options and unvested PSUs are excluded for purposes of determining compliance with the stock ownership guidelines.

Once a person subject to the stock ownership guidelines has acquired a number of shares with a value that satisfies the applicable ownership multiple, they will be deemed to satisfy the requirements (even if the fair market value of such shares subsequently changes) unless and until the ownership target increases due to an increase in base salary or annual retainer or such individual sells any such holdings. In the event of an increase in base salary or annual retainer, a covered individual is expected to meet the new applicable ownership target within the later of the original five-year deadline or three years following such increase.

All of our NEOs and non-employee directors have met their ownership requirements within the five-year period under the stock ownership guidelines.

Clawback Policies

To protect Company and stockholder interests in the case of an event that causes significant damage to the Company and deter inappropriate actions or decisions by our executives, we maintain stringent clawback policies and provisions under the Company's equity plan.

- Our **Financial Statement Clawback Policy** requires the clawback of incentive-based compensation paid to the Company's executive officers in the event of certain financial restatements in accordance with SEC rules that would have affected the amount of incentive-based compensation, regardless of whether the executive officer's conduct led to the restatement.
- Our **Executive Compensation Clawback Policy**, a supplemental policy that is applicable to the NEOs and certain other senior executives of the Company, allows the Company to claw back any bonus, equity or other incentive-based compensation in the event of either a financial restatement (other than a restatement caused by a change in applicable accounting rules or interpretations) or misconduct, if an executive engages directly or indirectly in, or contributes to, fraudulent or other wrongful conduct by action or omission, which causes material harm to the finances, business, reputation, condition, assets or results of operations of the Company.

In addition, under the terms of the LTPP, our CHC Committee may:

- cancel, rescind, suspend, withhold or otherwise limit any outstanding awards held by any plan participant if the participant engages in "Detrimental Activity" (as defined in the LTPP) or is otherwise not in compliance with the terms of the applicable award agreement or the LTPP; and
- during the two-year period following any exercise, payment or delivery of an award, rescind such exercise, payment or delivery if the participant engages in Detrimental Activity during the rescission period established by the CHC Committee (which rescission period shall not be less than six months after any exercise, payment or delivery pursuant to an Award).

Prohibition on Hedging and Pledging of Company Stock

Pursuant to our Securities Trading Policy, directors and executive officers, as well as certain related persons, are prohibited from engaging in hedging or monetization transactions with respect to the Company's securities, such as short-sales, prepaid variable forward contracts, equity swaps, collars and exchange funds and other transactions that hedge or offset, or are designed to hedge or offset, any decrease in the market value of Kyndryl securities.

Pursuant to our Securities Trading Policy, directors and executive officers and certain related persons are also prohibited from pledging Kyndryl securities at any time, which includes having Kyndryl securities in a margin account or using Kyndryl securities as collateral for a loan.

Risk Management and Mitigation of Compensation Policies and Practices

The CHC Committee regularly reviews our executive and non-executive compensation programs to assess whether any aspects of the programs would encourage any of the Company's NEOs or executives to take any unnecessary or inappropriate risks that could threaten the value of the Company or increase risks that are reasonably likely to have a material adverse effect on the Company. The CHC Committee discusses the concept of risk as it relates to our compensation programs, considers various mitigating factors and reviews these items with its independent compensation consultant, FW Cook. In addition, our CHC Committee asks FW Cook to annually conduct an independent risk assessment of our compensation program. The CHC Committee has determined that there is an appropriate balance in the Company's compensation mix, that policies are in place to mitigate compensation-related risk and that CHC Committee oversight extends below the executive officer level. Based on these reviews and discussions, the CHC Committee does not believe our compensation program creates risks that are reasonably likely to have a material adverse effect on the Company. In particular, the CHC Committee considered:

Attribute	Risk-Mitigating Effect
✓ Emphasis on long-term, equity-based compensation at the executive level	• Discourages risk-taking that produces short-term results at the expense of building long-term stockholder value
✓ PSUs are subject to a three-year performance and vesting period, and RSUs and stock options vest over four years; all are subject to our clawback policies	• Helps ensure our executives realize their compensation over a time horizon consistent with achieving long-term stockholder value
✓ Number of shares that may be earned under our PSU awards is capped	• Reduces the possibility that extraordinary events or formulaic payments could distort incentives or over-emphasize short-term over long-term performance
✓ Payments under our Annual Incentive Plan are capped	• Reduces the possibility that extraordinary events or formulaic payments could distort incentives
✓ Robust stock ownership guidelines	• Helps ensure our executives' economic interests are aligned with the long-term interests of our stockholders
✓ Prohibition on hedging transactions by executive officers and their Related Parties	• Helps ensure the alignment of interests generated by our executive officers' equity holdings is not undermined by hedging or similar transactions
✓ Stringent clawback policies and provisions, including a policy consistent with SEC rules and NYSE listing standards, as well as an additional supplemental policy	• Deters inappropriate actions or decisions by our executives by reducing the potential financial gain to be realized as a result of such actions or decisions
✓ Use of an independent compensation consultant that performs no other services for the Company	• Helps ensure advice will not be influenced by conflicts of interest

For the foregoing reasons, the CHC Committee has concluded that the programs by which our executives are compensated strike an appropriate balance between short-term and long-term compensation and incentivize our executives to act in a manner that prudently manages enterprise risk.

Compensation and Human Capital Committee Report

The Compensation and Human Capital Committee has reviewed and discussed the foregoing “Compensation Discussion and Analysis” with management. Based upon this review and discussion, the Compensation and Human Capital Committee recommended to the Board that the “Compensation Discussion and Analysis” be included in this Proxy Statement and incorporated by reference into the Company’s Annual Report on Form 10-K for the fiscal year ended March 31, 2024.

(1) In January 2022, the Company changed its fiscal year-end to March 31 from December 31. Fiscal 2024 and fiscal 2023 reflect the years ended March 31, 2024 and 2023; the transition period (Trans) reflects the three months from January 1, 2022 through March 31, 2022; and fiscal 2021 reflects the year ended December 31, 2021.

(2) Amounts in this column reflect the salary earned during the relevant fiscal period, whether paid or deferred under our Excess Plan. The fiscal 2024 base salaries for the NEOs (as described under “Compensation Discussion and Analysis – Elements of Compensation and Compensation Decisions – Base Salaries”) became effective July 1, 2023.

(3) Amounts in this column reflect the aggregate grant date fair value of stock awards granted to the NEOs during each of the periods presented, computed in accordance with Topic 718. The grant date fair value of the RSUs and PSUs issued was determined using the assumptions discussed under “Stock-Based Compensation” in Note 1 – “Significant Accounting Policies” and Note 15 – “Stock-Based Compensation” to the financial statements for the fiscal year ended March 31, 2024 included in our Fiscal 2024 Form 10-K. The amounts for the PSUs granted in fiscal 2024 included within the total amount in the “Stock Awards” column reflect the grant date fair value based upon the probable outcome of the performance conditions (as described under “Compensation Discussion and Analysis–Elements of Compensation and Compensation Decisions–Long-Term Equity Incentives”) as of the grant date. If the highest level of performance was achieved, then the aggregate grant date fair value of the PSUs granted in fiscal 2024 would have been the following amounts: Mr. Schroeter – \$10,237,520; Mr. Wyshner – \$3,900,037; Mr. Keinan – \$7,410,008; Mr. Sebold – \$1,462,549; and Ms. Charbonnier – \$975,040.

(4) Reflects the cash incentive bonuses earned by the NEOs. See “Compensation Discussion and Analysis–Elements of Compensation and Compensation Decisions–Annual Cash Bonus.”

- (5) We do not provide any of our executives with any above-market or preferential earnings on non-qualified deferred compensation.
- (6) Amounts shown in this column include the following for fiscal 2024: For Messrs. Schroeter, Wyshner, Keinan and Sebold and Ms. Charbonnier, 401(k) matching contributions of \$19,800, \$5,802, \$19,800, \$15,053 and \$19,800, respectively; for Messrs. Schroeter, Keinan and Sebold and Ms. Charbonnier, automatic contributions by us to the Kyndryl Excess Plan of \$163,200, \$125,100, \$71,200 and \$64,275, respectively; and for Mr. Schroeter, \$330,780 for personal security and \$53,336 for personal use of aircraft.

Amounts shown in this column also include the following perquisites for fiscal 2024, each of which was below the SEC threshold for individual quantification: For Mr. Schroeter, personal financial planning, ground transportation and Kyndryl-sponsored gifts; for Mr. Wyshner, personal financial planning; for Mr. Keinan, personal financial planning, ground transportation, spousal travel, annual executive physical and Kyndryl-sponsored gifts; for Mr. Sebold, personal financial planning; and for Ms. Charbonnier, annual executive physical and ground transportation.

Based on a review by an independent security consultant and the Company's assessment of risks as they have evolved over time since the Spin-off along with the Company's own transformation as an independent company, we implemented certain temporary personal security measures for Mr. Schroeter due to a specific threat and his critical leadership role. The CHC Committee believes the amounts paid by the Company for Mr. Schroeter's security services are reasonable, necessary and for the Company's benefit. The aggregate incremental cost for Mr. Schroeter's personal security services is calculated based on billings for services from third parties.

The aggregate incremental cost to the Company of Mr. Schroeter's personal use of Company-provided aircraft reported above is calculated based on our actual invoiced amount from a third-party provider for the variable costs incurred on each trip. Since the aircraft is used primarily for business travel, this methodology excludes fixed costs that do not change based on usage, such as management fees. Mr. Schroeter's personal travel on Company-provided aircraft is limited to an aggregate incremental cost to the Company not to exceed \$200,000 per year.

In addition, and in limited circumstances, Messrs. Schroeter and Keinan had family members accompany each on business travel on a Company-provided aircraft for which we incurred no incremental costs.

The NEOs are fully responsible for all personal income taxes associated with these perquisites and no gross-up payment for these taxes is made by the Company.

Grants of Plan-Based Awards in Fiscal 2024

⁽¹⁾ Reflects the range of possible payout under the Annual Cash Bonus awarded to the NEO for fiscal 2024. See "Compensation Discussion and Analysis—Elements of Compensation and Compensation Decisions—Annual Cash Bonus." The amount paid out is included in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table.

⁽²⁾ Reflects the PSU award granted to the NEO as part of the fiscal 2024 long-term incentive award. Amounts reported in the "Threshold" column assume that 5% of the target PSUs will vest and amounts reported in the "Maximum" column assume that 150% of the target PSUs will vest. The actual number of shares that are earned for the PSUs will be determined based on the level of achievement attained with respect to Adjusted Operating Cash Flow, Total Signings and Relative TSR over the three-year period.

⁽³⁾ Computed in accordance with Topic 718 using the assumptions discussed under "Stock-Based Compensation" in Note 1 – "Significant Accounting Policies" and Note 15 – "Stock-Based Compensation" to the financial statements for the fiscal year ended March 31, 2024 included in the Fiscal 2024 Form 10-K.

(1) Stock options vest in four equal annual installments beginning on the anniversary of the grant date.

- (2) For information on vesting upon specified termination events or a change in control, see “Potential Payments upon Termination or Change in Control.”
- (3) These RSUs vest in two equal annual installments on December 16, 2024 and December 16, 2025.
- (4) The PSU awards granted on December 16, 2021 will vest, if at all, based on the increase in the Company's share price from an “Initial Share Price” of \$19.338 over the three-year performance period beginning on December 16, 2021 and ending on December 15, 2024 (the “Performance Period”). The actual number of PSUs that vest is based on the highest multiple of the Initial Share Price set out in the tiers below, with the achievement of the multiple based on a 90 consecutive calendar-day average closing share price during the Performance Period, which reflects the CHC Committee's original intent at grant (and not based on the highest multiple of the Initial Share Price being maintained for at least 90 consecutive calendar days during the Performance Period, as previously disclosed due to an administrative error). The original accounting valuation reflected payout based on the highest 90-day average price during the performance period, as intended by the CHC Committee.

We have reflected the threshold (Tier 1) number of shares for each of the NEOs because our performance as of March 31, 2024 was below threshold. The actual number of shares that will be distributed with respect to these PSU awards is not yet determinable.

	Multiple of Initial Share Price	Performance Vesting Level
Tier 1	1.25x	50%
Tier 2	1.50x	100%
Tier 3	1.75x	150%
Tier 4	2.00x	200%

- (5) Of these previously disclosed sign-on retention restricted stock units (“RRSUs”), all outstanding RRSUs will vest on October 1, 2024.
- (6) These RSUs vested in full on June 8, 2024.
- (7) These RSUs vest in three equal installments on August 1, 2024, August 1, 2025 and August 1, 2026.
- (8) 50% of the PSU awards granted on August 1, 2022 will vest, if at all, based on the Company's achievement of the Adjusted Operating Cash Flow metric, 25% of such PSU awards will vest, if at all, based on the Company's achievement of the Total Signings metric and 25% of such PSU awards will vest, if at all, based on the Company's achievement of the Relative TSR metric. The number of shares reflected for each of the NEOs represents the maximum number of shares that would vest based on Adjusted Operating Cash Flow and Relative TSR metrics (because our performance as of March 31, 2024 was between target and maximum performance with respect to these performance metrics) and the threshold number of shares that would vest based on Total Signings (because our performance as of March 31, 2024 was below threshold performance with respect to the this performance metric). The actual number of shares that will be distributed with respect to these PSU awards is not yet determinable. These PSU awards vest in proportion to actual performance over the three-year performance period ending on March 31, 2025.
- (9) These RSUs vest in four equal annual installments beginning on the anniversary of the grant date.
- (10) 50% of the PSU awards granted on August 1, 2023 will vest, if at all, based on the Company's achievement of the Adjusted Operating Cash Flow metric, 25% of such PSU awards will vest, if at all, based on the Company's achievement of the Total Signings metric and 25% of such PSU awards will vest, if at all, based on the Company's achievement of the Relative TSR metric. The number of shares reflected for each of the NEOs represents the maximum number of shares that would vest based on Adjusted Operating Cash Flow and Relative TSR metrics (because our performance as of March 31, 2024 was between target and maximum performance with respect to the these performance metrics) and the target number of shares that would vest based on Total Signings (because our performance as of March 31, 2024 was between threshold and target performance with respect to this performance metric). The actual number of shares that will be distributed with respect to the fiscal 2024 PSU awards is not yet determinable. The fiscal 2024 PSU awards vest in proportion to actual performance over the three-year performance period ending on March 31, 2026. See the description of the fiscal 2024 PSU awards in “Compensation Discussion and Analysis—Elements of Compensation and Compensation Decisions—Long-Term Equity Incentives.”
- (11) The market value is based on the closing price on the NYSE of our common stock on March 28, 2024, the last trading day of fiscal 2024 (\$21.76), multiplied by the relevant number of shares.

Option Exercises and Stock Vested in Fiscal 2024

The following table provides information regarding RSUs that vested during fiscal 2024 for our NEOs. Our NEOs did not exercise any options during fiscal 2024.

Name	Stock Awards	
	Number of Shares Acquired on Vesting ⁽¹⁾ (#)	Value Realized on Vesting ⁽²⁾ (\$)
Martin Schroeter ⁽³⁾	273,105	4,180,836
David Wyshner	107,751	1,648,562
Elly Keinan ⁽³⁾	172,855	2,647,609
Edward Sebold	39,730	586,828
Maryjo Charbonnier	46,583	667,671

(1) The shares acquired on vesting represent RSUs that vested as follows:

As to Mr. Schroeter - 86,552 RSUs that vested on August 1, 2023, 127,380 RSUs that vested on November 3, 2023 and 59,173 RSUs that vested on December 16, 2023.

As to Mr. Wyshner - 32,972 RSUs that vested on August 1, 2023, 8,113 RSUs that vested on October 1, 2023, 44,124 RSUs that vested on November 3, 2023 and 22,542 RSUs that vested on December 16, 2023.

As to Mr. Keinan - 62,647 RSUs that vested on August 1, 2023, 67,378 RSUs that vested on November 3, 2023 and 42,830 RSUs that vested on December 16, 2023.

As to Mr. Sebold - 4,936 RSUs that vested on June 3, 2023, 1,334 RSUs that vested on June 7, 2023, 1,450 RSUs that vested on June 8, 2023, 12,364 RSUs that vested on August 1, 2023, 11,192 RSUs that vested on November 3, 2023 and 8,454 RSUs that vested on December 16, 2023.

As to Ms. Charbonnier - 8,243 RSUs that vested on August 1, 2023, 22,012 RSUs that vested on August 2, 2023, 10,692 RSUs that vested on November 3, 2023, and 5,636 RSUs that vested on December 16, 2023.

- (2) The value realized on vesting is based on the average high and low of our common stock on the NYSE on the vesting date. If vesting occurs on a day on which the NYSE is closed, the value realized on vesting is based on the average high and low of our stock price on the last trading day prior to the vesting date.
- (3) This table does not include Kyndryl RSUs that vested during fiscal 2024 and that relate to equity awards granted to Messrs. Schroeter and Keinan prior to their respective retirements from IBM which, upon their respective retirements, remained outstanding and subject to vesting as if they had been employed by IBM on each applicable vesting date.

Pension Benefits in Fiscal 2024

During fiscal 2024, no NEOs participated in either a tax-qualified or non-qualified defined benefit plan sponsored by the Company.

Non-Qualified Deferred Compensation for Fiscal 2024

The following table provides information regarding contributions, earnings and balances for our NEOs under the Kyndryl Excess Plan, as well as under the IBM Excess 401(k) Plus Plan, in which they participated in fiscal 2021 and maintain balances, but to which they may not make further contributions. Under each of the plans, deferred account balances are fully vested at all times. In addition, neither plan provides any opportunity for above-market or preferential earnings, nor does either plan provide any minimum internal rate of return. Additionally, the Kyndryl Excess Plan and the IBM Excess 401(k) Plus Plan do not permit “hardship” withdrawals. The Kyndryl Excess Plan and the IBM Excess 401(k) Plus Plan are not funded, and plan participants have only an unsecured contractual commitment by the applicable company to pay amounts owed under each plan. Each of these plans is further described below.

(1) The amounts in this column are reported as compensation for fiscal 2024 in the “Base Salary” and “Non-Equity Incentive Plan Compensation” columns of the Summary Compensation Table.

(2) Represents the amount of the automatic contribution made by us in accordance with the Kyndryl Excess Plan. The amounts in this column are reported as compensation for fiscal 2024 in the “All Other Compensation” column of the Summary Compensation Table.

(3) Amounts in this column are not reported as compensation for fiscal 2024 in the Summary Compensation Table since they do not reflect above-market or preferential earnings.

(4) Amounts in this column include the following aggregate amounts for each of the following NEOs reported as compensation to such NEOs for previous periods in the “Base Salary,” “Non-Equity Incentive Plan Compensation” and “All Other Compensation” columns of the Summary Compensation Table: Mr. Schroeter, \$163,200 in fiscal 2024, \$82,003 in previous periods; Mr. Keinan, \$125,100 in fiscal 2024, \$57,315 in previous periods; Mr. Sebold, \$1,156,487 in fiscal 2024, \$871,923 in previous periods; Ms. Charbonnier, \$64,275 in fiscal 2024, \$57,396 in previous periods.

(5) This table does not include Kyndryl RSUs that relate to equity awards granted to Messrs. Schroeter and Keinan prior to their respective retirements from IBM and which, upon their respective retirements, remained outstanding and subject to vesting as if they had been employed by IBM on each applicable vesting date.

IBM Excess 401(k) Plus Plan

IBM maintains the IBM Excess 401(k) Plus Plan (the “IBM Excess Plan”), in which each of our NEOs other than Mr. Wyshner and Ms. Charbonnier participated in 2021. Following the Spin-off, our NEOs became ineligible to make deferral elections under the IBM Excess Plan.

Deferrals under the IBM Excess Plan may be allocated among various notional investment choices, which typically replicate the performance of the comparable investment funds in the IBM 401(k) Plan. For Messrs. Schroeter, Keinan and Sebold, their transfer to Kyndryl in connection with the Spin-off did not trigger a distribution of the amounts in their accounts in the IBM Excess Plan. Rather, upon their separation of service from Kyndryl, they will receive a distribution of the amounts in their accounts in a lump sum or installments based upon their distribution election.

Kyndryl Excess Plan

In connection with the Spin-off, we adopted the Kyndryl Excess Plan, a nonqualified deferred compensation plan that, starting in calendar year 2022, offers eligible employees an opportunity to defer up to 80% of their eligible compensation (including base and performance pay, but not any non-recurring compensation) in excess of the limits imposed by the Code under the Kyndryl 401(k) Plan.

Employees became eligible to participate in the Kyndryl Excess Plan beginning in 2022 if they (i) were hired as an executive or promoted to an executive position by Kyndryl after September 1, 2021 and prior to November 15, 2021 or (ii) directly transferred from IBM to Kyndryl and either (a) made elective deferrals under the IBM Excess Plan for the 2021 plan year or (b) were hired as an executive by IBM between November 15, 2020 and September 1, 2021. Each of the NEOs is eligible to participate in the Kyndryl Excess Plan.

For certain eligible employees that transferred from IBM, including Messrs. Schroeter, Keinan and Sebold and Ms. Charbonnier, we will make an annual automatic contribution to the Kyndryl Excess Plan equal to 6% of their eligible pay in excess of the limits under the Code.

Distributions are made following death (in a lump sum) or following a separation from service (in a lump sum or installments, based on the employee’s distribution election), subject to certain exceptions for compliance with Section 409A of the Code.

Deferrals under the Kyndryl Excess Plan may be allocated among hypothetical investment options that mirror the investment options available under our qualified Kyndryl 401(k) Plan.

Potential Payments upon Termination or Change in Control

The following table describes the potential payments and benefits under the Company’s compensation and benefit plans and contractual agreements to which the NEOs would have been entitled if a termination of employment or change in control occurred on the last business day of fiscal 2024. The only agreements, arrangements or plans that entitle the NEOs to severance, perquisites or other enhanced benefits upon termination of their employment or a change in control are:

- the Severance Plan; and
- the terms of the NEOs’ equity awards.

The amounts shown in the table do not include:

- payments and benefits to the extent they are provided generally to all salaried employees upon termination of employment and do not discriminate in scope, terms or operation in favor of the NEOs; and
- distributions of previously vested plan balances under the Kyndryl 401(k) Plan, the Kyndryl Excess Plan and the IBM Excess Plan (see “-Non-Qualified Deferred Compensation for Fiscal 2024” above for information about the Kyndryl Excess Plan and the IBM Excess Plan).

(1) Cash Severance Payments:

- Under the Severance Plan, as described more fully below, each NEO is entitled to cash severance in the event of a termination without Cause or, solely following a Change in Control, with Good Reason, subject to certain conditions;
- The amounts of the cash severance payments included in the table assume that there is no notice period prior to the termination without Cause; and
- The cash severance payments included in the table assume there would be no cutback of payments to avoid subjecting the NEOs to an excise tax under Section 280G of the Code.

(2) Acceleration of Equity Awards:

- The values set forth in the rows titled "Acceleration of Equity Awards" are presented as the sum of the values as of the last business day of fiscal 2024 of the additional benefit from the acceleration of vesting, if any, of RSUs, stock options and PSUs that would have occurred as a result of termination under the different circumstances presented.

- The value of accelerated stock options, for purposes of this table, was determined by subtracting the exercise price of the original stock option from the closing stock price on the NYSE of \$21.76 as of March 28, 2024, the last trading day of fiscal 2024, and multiplying the result, if a positive number (in-the-money), by the number of option shares that would vest as a result of termination. Because the stock options held by the NEOs were in-the-money as of March 31, 2024, amounts relating to such options are included in the table.
- With respect to Messrs. Schroeter, Keinan and Sebold, a termination without cause would constitute a “qualifying LTPP retirement” as described under “–Treatment of Outstanding Equity Awards in the Event of Certain Qualifying Terminations” below.

(3) Value of Continuing Benefits:

- Reflects the cost of providing continued group health coverage (on the same basis as actively employed employees of the Company) for a period of 18 months, assuming fiscal 2024 rates; and
- The amounts included in the table assume that there is no notice period prior to the termination without Cause.

(4) Reflects the estimated cost of providing continued financial advisory services for a period of six months, assuming fiscal 2024 rates. Ms. Charbonnier did not participate in the financial advisory services program and therefore, would not receive a continuing benefit.

(5) Reflects the estimated cost of six months of outplacement services.

Severance Plan

The Severance Plan provides for payment of severance and other benefits to eligible executives, including the NEOs, in the event of a termination of employment with the Company without Cause (as that term is defined in the LTPP and as set forth below) and other than due to death or disability or, solely in connection with a change in control, with Good Reason (as defined below, and each of a termination without Cause and a termination with Good Reason, a “covered termination”), in each case, subject to the executive’s (i) execution and non-revocation of a general release of claims in favor of the Company, (ii) execution of a two-year non-solicitation agreement and (iii) continued compliance with the executive’s Agreement Regarding Confidential Information and Intellectual Property with the Company. The Severance Plan also provides for continued vesting of certain equity awards upon a “qualifying retirement” (as defined below).

In the event of a covered termination, in addition to certain accrued obligations as of March 31, 2024, the Severance Plan provided for the following payments and benefits to the NEOs:

- a lump-sum pro-rata bonus for the year of termination, based on actual performance;
- a lump-sum payment in an amount equal to 24 months’ base salary in the case of Mr. Schroeter, or 18 months’ base salary in the case of each of the other NEOs, in each case inclusive of any notice period;
- continued health insurance coverage, or reimbursement of premiums for coverage, at substantially the same level as provided immediately prior to such termination, at the same cost as generally provided to similarly situated active Company employees, for a period of 18 months (the “welfare benefit”), inclusive of any notice period; and
- payment of, or reimbursement for, six months of outplacement services (the “outplacement benefit”).

Notwithstanding the foregoing, in the event such covered termination occurs within the 24-month period following a change in control (as defined in the LTPP), in addition to certain accrued obligations, the Severance Plan provides for the following payments and benefits to the NEOs:

- a lump-sum pro-rata bonus for the year of termination, based on target performance;
- a lump-sum cash severance amount equal to the sum of 24 months’ base salary and two times target annual incentive plan payout in the case of Mr. Schroeter, or the sum of 18 months’ base salary and one and one-half times target annual incentive plan payout in the case of the other NEOs;
- the welfare benefit;

- the outplacement benefit; and
- financial advisory services (for executives in Band B and above).

In addition, the Severance Plan provides that, upon a termination in connection with a “qualifying retirement,” subject to the NEO’s (i) provision of six months’ notice of intent to retire, (ii) execution and non-revocation of a general release of claims in favor of the Company, (iii) execution of a two-year noncompetition and non-solicitation agreement, (iv) completion of one year of service measured from the LTPP award date, and (v) continued compliance with the Agreement Regarding Confidential Information and Intellectual Property with the Company, notwithstanding anything to the contrary in the LTPP or the award agreements relating to the NEO’s outstanding RSU awards, such outstanding RSU awards will not be canceled but will instead remain outstanding and subject to vesting in accordance with their terms as if the NEO remained an active employee of the Company through each applicable vesting date.

The Severance Plan provides that if any payments and/or benefits due to a participant (including any NEO) under the Severance Plan and/or any other arrangements will constitute “excess parachute payments” (as defined in Section 280G (“Section 280G”) of the Code), the Company will reduce the amount of payments under the Severance Plan by the minimum amount necessary such that the present value of the participant’s “parachute payments” (as defined in Section 280G) is below 300% of such participant’s “base amount” (as defined in Section 280G), calculated in accordance with the Treasury Regulations promulgated under Section 280G; provided, however, in no event will the amount of any severance payments be reduced unless (a) the net after-tax amount of such payments and benefits as so reduced is greater than or equal to (b) the net after-tax amount of such payments and benefits without such reduction.

For purposes of the Severance Plan:

- a “qualifying retirement” is a termination of employment (other than for Cause as defined the LTPP and set forth below) after attaining the age of 55 and completing at least ten (10) years of service with the Company at the time of termination. For purposes of calculating years of service, years of service to IBM will be counted for participants who transferred employment directly to the Company from IBM in connection with the Spin-off; and
- a termination with “Good Reason” is a termination of employment due to (a) a material diminution in the participant’s authority, duties or responsibilities, (b) a reduction in the participant’s then current base salary or bonus opportunity, (c) a material breach by the Company of an existing agreement between the Company and the participant, (d) the failure of the Company’s successor to assume in writing the Company’s obligations under the Severance Plan or any other agreement with the participant if not assumed by successor by operation of law, or (e) a relocation of more than 40 miles from both the participant’s then current primary place of employment and their assigned primary Company office; provided, however, that the participant must provide the Company with written notice of the circumstance that the participant claims to be good reason within 90 days after such circumstance first occurs, such circumstance is not remedied within 30 days after the Company receives the written notice, and the participant’s termination of employment is effective as soon as practicable after the end of such 30-day cure period.

Treatment of Outstanding Equity Awards in the Event of Certain Qualifying Terminations (Other than Terminations in Connection with a Change in Control)

RSUs

Except as provided in the case of a “qualifying retirement” under the Severance Plan, in the event of termination of employment other than on account of death or disability, all unvested RSUs will be canceled. In the event of the NEO’s death, all unvested RSUs will immediately vest. In the event the NEO becomes disabled (as described in the LTPP), unvested RSUs will remain outstanding and continue to vest in accordance with their terms as if the NEO remained an active employee of the Company through each applicable vesting date.

Stock Options

In the event of termination of employment other than in connection with a “qualifying LTPP retirement” or on account of death or disability, any stock options that are not exercisable will be canceled immediately, and any stock options that are exercisable as of the date of termination of employment (other than for Cause (as defined in the LTPP and set forth below)) will remain exercisable for 90 days after the date of termination, after which any unexercised stock options will be canceled. In the event of termination of employment in connection with a “qualifying LTPP retirement” (which is a termination of employment (other than for Cause) after attaining the age of 55 and completing at least ten years of service with the Company at the time of termination), any unvested stock options will vest and become exercisable, and all stock options that are exercisable as of the date of termination will remain exercisable until the earlier of the expiration of the full term and the fifth anniversary of the date the NEO’s employment terminates. In the event of the NEO’s death or in the event the NEO becomes disabled, all stock options will become fully exercisable and remain exercisable until the earlier of the expiration of their full term and the third anniversary of the date the NEO’s employment terminates.

PSUs

In the event of a termination of employment other than in connection with a “qualifying LTPP retirement” or on account of death or disability, all unvested PSUs will be canceled. In the event of termination of employment in connection with a “qualifying LTPP retirement” at least one year after the grant date of the PSUs, the NEO will receive a payout that is prorated for the time worked as an active executive during the Performance Period following the CHC Committee’s calculation of the PSU payout. In the event of a NEO’s death or in the event the NEO becomes disabled, the PSUs will remain outstanding and continue to vest in accordance with their terms.

Treatment of Outstanding Equity Awards in the Event of a Change in Control

In the event of a change in control (as defined in the LTPP):

- if the acquirer or successor company in such change in control has agreed to provide for the substitution, assumption, exchange or other continuation of awards granted pursuant to the LTPP, then, if the participant’s employment with or service to the Company or an affiliate is terminated by the Company or affiliate without cause (and other than due to death or disability) on or within 24 months following a change in control, unless otherwise provided by the CHC Committee, all options and stock appreciation rights held by such participant will become immediately exercisable with respect to 100% of the shares subject to such options and stock appreciation rights, and the restricted period (and any other conditions) will expire immediately with respect to 100% of the shares of restricted stock and restricted stock units and any other awards (other than other cash-based awards) held by such participant (including a waiver of any applicable performance conditions); provided that if the vesting or exercisability of any award would otherwise be subject to the achievement of performance conditions, the portion of such award that will become fully vested and immediately exercisable will be based on the assumed achievement of actual or target performance as determined by the CHC Committee;
- if the acquirer or successor company in such change in control has not agreed to provide for the substitution, assumption, exchange or other continuation of awards granted pursuant to the LTPP, then unless otherwise provided by the CHC Committee, all stock options and stock appreciation rights held by such participant will become immediately exercisable with respect to 100% of the shares subject to such stock options and stock appreciation rights, and the restricted period (and any other conditions) will expire immediately with respect to 100% of the shares of restricted stock and restricted stock units and any other awards (other than cash-based awards) held by such participant (including a waiver of any applicable performance conditions); provided that if the vesting or exercisability of any award would otherwise be subject to the achievement of performance conditions, the portion of such award that will become fully vested and immediately exercisable will be based on the assumed achievement of actual or target performance as determined by the CHC Committee; and

- the CHC Committee may, upon at least 10 days' advance notice to the affected participants, cancel any outstanding award and pay to the holders thereof, in cash, securities or other property (including of the acquiring or successor company), or any combination thereof, the value of such awards based upon the price per share of common stock received or to be received by other stockholders of the Company in the event (it being understood that any stock option or stock appreciation right having a per-share exercise or hurdle price equal to, or in excess of, the fair market value (as of the date specified by the CHC Committee) of a share of common stock subject thereto may be canceled and terminated without any payment or consideration therefor).

Notwithstanding the above, the CHC Committee will exercise such discretion over the timing of settlement of any award subject to Code Section 409A at the time such award is granted. To the extent practicable, these provisions will occur in a manner and at a time that allows affected participants the ability to participate in the change in control transaction with respect to the shares of common stock subject to their awards.

Definition of Cause

"Cause" means, as reasonably determined by Kyndryl, the occurrence of any of the following: (i) embezzlement, misappropriation of corporate funds or other material acts of dishonesty; (ii) commission or conviction of any felony or of any misdemeanor involving moral turpitude, or entry of a plea of guilty or nolo contendere to any felony or misdemeanor (other than a minor traffic violation or other minor infraction); (iii) engagement in any activity that the employee knows or should know could harm the business or reputation of the Company; (iv) failure to adhere to the Company's corporate codes, policies or procedures; (v) a breach of any covenant in any employment agreement or any intellectual property agreement, or a breach of any other provision of the employment agreement, in either case if the breach is not cured to the Company's satisfaction within a reasonable period after notice of the breach (no notice and cure period is required if the breach cannot be cured); (vi) failure to perform duties or follow management direction, which failure is not cured to the Company's satisfaction within a reasonable period of time after a written demand for substantial performance is delivered to the employee (no notice or cure period is required if the failure to perform cannot be cured); (vii) violation of any statutory, contractual or common law duty or obligation to the Company, including, without limitation, the duty of loyalty; (viii) rendering of services for any organization or engaging directly or indirectly in any business which is or becomes competitive with the Company, or which organization or business, or the rendering of services to such organization or business, is or becomes otherwise prejudicial to or in conflict with the interests of the Company; or (ix) acceptance of an offer to engage in or associate with any business which is or becomes competitive with the Company; provided, however, that the mere failure to achieve performance objectives shall not constitute Cause.

CEO Pay Ratio

As required by Section 953(b) of the Dodd-Frank Act and Item 402(u) of Regulation S-K (“Item 402(u)”), the Company is providing the following reasonable estimate of the ratio of the median of the annual total compensation of all of our employees (except Martin Schroeter, our Chief Executive Officer) to the annual total compensation of Mr. Schroeter, calculated in a manner consistent with Item 402(u).

For fiscal 2024, our last completed fiscal year:

- The median of the annual total compensation of all of our employees, excluding our CEO, was \$44,611.
- The annual total compensation of our CEO was \$15,661,281.
- Based on this information, the ratio of the annual total compensation of our CEO to the median of the annual total compensation of all of our employees except our CEO was 351:1.

We determined that, as of January 1, 2024, our employee population consisted of approximately 80,000 individuals. Approximately 90% of our employees work outside the U.S., with workforce hubs in India, Poland, Brazil, Japan, Czechia and Hungary.

SEC rules permit the identification of our median employee once every three years provided there has been no change in our employee population or employee compensation arrangements that we believe would significantly impact our pay ratio disclosure. Accordingly, we have calculated our disclosure based on the median employee identified as of January 1, 2023. For details on our process for identifying the median employee, please see “CEO Pay Ratio” in our annual Proxy Statement filed with the SEC on June 14, 2023.

Pay vs. Performance

In accordance with Item 402(v) of Regulation S-K, we are providing the following information about the relationship between the compensation actually paid ("CAP") to our NEOs (calculated as provided in Item 402(v) of Regulation S-K) and company performance based on certain financial performance measures selected by the SEC and the Company. For further information concerning the CHC Committee's compensation philosophy, including the pay for performance pillar of that philosophy and how the CHC Committee aligns executive compensation with the Company's performance, see "Executive Compensation—Compensation Discussion and Analysis."

- (c) Pursuant to Item 402(v)(2)(iii)(C), the equity award adjustments include the addition (or subtraction, as applicable) of the following: (i) the fiscal 2024 year-end fair value of any equity awards granted during the fiscal year that are outstanding and unvested as of the end of the fiscal year; (ii) the amount of change as of the end of the fiscal 2024 (from the end of the prior fiscal year) in fair value of any awards granted in prior fiscal years or periods that are outstanding and unvested as of the end of the fiscal 2024; (iii) for awards that are granted and vest in same

applicable fiscal year, if any, the fair value as of the vesting date; (iv) for awards granted in prior fiscal years or periods that vested during fiscal 2024, the amount equal to the change as of the vesting date (from the end of the prior fiscal year) in fair value; (v) for awards granted in prior fiscal years that are determined to fail to meet the applicable vesting conditions during the fiscal 2024, if any, a deduction for the amount equal to the fair value at the end of the prior fiscal year; and (vi) the dollar value of any dividends or other earnings paid on stock or option awards in fiscal 2024 prior to the vesting date that are not otherwise reflected in the fair value of such award or included in any other component of total compensation for the applicable fiscal year or period. The valuation assumptions used to calculate fair values did not materially differ from those disclosed at the time of grant. The amounts deducted or added in calculating the equity award adjustments are as follows:

	Fair Value of Current Year Equity Awards at Fiscal 2024 Year End (\$)	Change in Value of Prior Years' Awards Unvested at Fiscal 2024 Year End (\$)	Vesting Date Fair Value of Current Year Equity Awards (\$)	Change in Fair Value of Prior Years' Awards that Vested during Fiscal 2024 (\$)	Prior Year-End Fair Value of Awards that Failed to Vest During Fiscal 2024 (\$)	Dollar Value of Dividends Paid During Fiscal 2024 (\$)	Equity Value Included in CAP (\$)

Non-PEO NEOs	5,735,851	2,612,102	–	127,057	–	–	8,475,010

- (2) Cumulative TSR is calculated by dividing the sum of the cumulative amount of dividends (if any) for the measurement period, assuming dividend reinvestment, and the difference between the Company's share price at the end and the beginning of the measurement period by the Company's share price at the beginning of the measurement period. The beginning of the measurement period is November 4, 2021, the date our stock commenced regular-way trading on the NYSE.
- (3) Represents the weighted peer group TSR, weighted according to the respective companies' stock market capitalization at the beginning of each period for which a return is indicated. The peer group used for this purpose is the following published industry index: the S&P 400 IT Sector GICS Level 1 Index, which we also utilize in the stock performance graph required by Item 201(e) of Regulation S-K, included in our Fiscal 2024 Form 10-K.
- (4) The dollar amounts reported represent the amount of net income (loss) reflected in the Company's audited financial statements for the applicable fiscal year or period.
- (5) Adjusted EBITDA is defined in "Executive Compensation—Compensation Discussion and Analysis—Annual Cash Bonus."

Financial Performance Measures

As described in greater detail in "Executive Compensation—Compensation Discussion and Analysis," the Company's executive compensation program is designed to be consistent with our compensation philosophy to pay for performance, align our executives' interests with those of our stockholders and pay competitively. Most of the executive compensation opportunities for our NEOs are performance-based and are tied to the Company's business results and individual performance. The metrics that the Company uses for both our long-term and short-term incentive awards are selected based on the goals of balancing risk while rewarding our NEOs for delivering financial, operating and strategic performance that aligns the Company's business strategy and stockholder interests. The most important financial performance measures used by the Company to link CAP to the Company's NEOs, for fiscal 2024, to the Company's performance are as follows:

- Adjusted EBITDA (as defined in "Executive Compensation—Compensation Discussion and Analysis—Elements of Compensation and Compensation Decisions—Annual Cash Bonus")
- Revenue
- Adjusted Operating Cash Flow (as defined in "Executive Compensation—Compensation Discussion and Analysis—Elements of Compensation and Compensation Decisions—Long-Term Equity Incentives")

- Total Signings (as defined in “Executive Compensation–Compensation Discussion and Analysis–Elements of Compensation and Compensation Decisions–Long-Term Equity Incentives”)
- Relative TSR (the Company’s TSR as compared to the companies in the S&P 400 Mid Cap Index)

Relationships Between CAP and Cumulative TSR, Adjusted EBITDA and Net Income

In furtherance of the Company’s pay for performance philosophy, the CHC Committee uses several performance measures to align executive compensation with Company performance, not all of which are presented in the Pay vs. Performance table above. Additionally, the CHC Committee does not specifically align such performance measures with CAP (as computed in accordance with Item 402(v) of Regulation S-K) for a particular year. In accordance with Item 402(v) of Regulation S-K, the Company is providing the following depictions of the relationships between CAP and Cumulative TSR, Adjusted EBITDA and Net Income.

CAP and Cumulative TSR

CAP and Adjusted EBITDA

CAP and Net Income

Due to our change in fiscal year-end, the Pay vs. Performance Table and preceding charts include a three-month transition period from January 1, 2022 through March 31, 2022. CAP and Company performance during the transition period is not comparable to Fiscal 2021, Fiscal 2023 or Fiscal 2024 because it represents a shorter time period.

The change in PEO and non-PEO CAP in each period reflected in the preceding charts is directionally correlated to our TSR and stock price because a significant majority of NEO compensation is granted in the form of equity compensation.

Equity Compensation Plan Information

The following table sets forth, as of March 31, 2024, certain information regarding our equity compensation plans. The only plan pursuant to which we may currently make equity grants is the Amended and Restated Kyndryl 2021 Long-Term Performance Plan.

	(a)	(b)	(c)
Plan Category	Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants and Rights (#)	Weighted-average Exercise Price of Outstanding Options, Warrants and Rights (\$/Sh)	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (Excluding Securities Reflected in Column (a)) (#)
Equity compensation plans approved by security holders	23,459,123 ⁽¹⁾	\$17.76 ⁽²⁾	19,634,604 ⁽³⁾

⁽¹⁾ Total includes (i) 3,549,383 stock options, (ii) 11,873,055 performance share units (assuming maximum performance with respect to each of the performance measures) and (iii) 8,036,685 restricted stock units.

⁽²⁾ The weighted-average exercise price relates only to stock options. The calculation of the weighted-average exercise price does not include outstanding equity awards that are received or exercised for no consideration.

⁽³⁾ These shares are available for grant as of March 31, 2024, under the Amended and Restated Kyndryl 2021 Long-Term Performance Plan pursuant to which the CHC Committee of the Board of Directors may make various stock-based awards, including stock options, stock appreciation rights, restricted stock, restricted stock units and other awards based, in whole or in part, on the value of our common stock.

Audit Matters

Proposal 3—Ratification of the Appointment of the Independent Registered Public Accounting Firm

The Audit Committee is directly responsible for the appointment, compensation (including advance approval of audit and non-audit services and fees), retention and oversight of the independent registered public accounting firm that audits our financial statements. In accordance with its charter, the Audit Committee has selected PricewaterhouseCoopers LLP (PwC) to serve as our independent registered public accounting firm for fiscal 2025. With the endorsement of the Board, the Audit Committee believes that this selection is in the best interests of Kyndryl and its stockholders and, therefore, recommends to stockholders that they ratify that appointment.

Although ratification is not required by our Bylaws or otherwise, the Board is submitting the selection of PwC to our stockholders for ratification because we value our stockholders' views on the Company's independent registered public accounting firm. If our stockholders fail to ratify the selection, it will be considered notice to the Board and the Audit Committee to consider the selection of a different firm. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

INDEPENDENT AUDITOR ENGAGEMENT

The Audit Committee annually reviews PwC's independence and performance in deciding whether to retain PwC or engage a different independent auditor. Prior to the selection of the independent auditor, the Committee considers many factors, including:

- PwC's capability and expertise in addressing and advising on the breadth and complexity of Kyndryl's global operations;
- PwC's independence and tenure as Kyndryl's auditor;
- The strength of PwC's performance on prior Kyndryl audits, including the extent and quality of PwC's communications with the Audit Committee;
- Analysis of known litigation or regulatory proceedings involving PwC, if any;
- Public Company Accounting Oversight Board reports (PCAOB);
- Appropriateness of PwC's fees for audit and non-audit services; and
- PwC's reputation for integrity and competence in the fields of accounting and auditing.

AUDITOR INDEPENDENCE CONTROLS

The Audit Committee and Kyndryl management have robust policies and procedures in place to monitor and verify PwC's independence from Kyndryl on a continual basis. These policies and procedures include:

- Private meetings between the Audit Committee and PwC throughout the year;
- Pre-approval by the Audit Committee of audit and non-audit services;
- Lead engagement partner rotation at least every 5 years;
- Concurring audit partner rotation at least every 5 years;
- Auxiliary engagement partner rotation at least every 7 years;

- Hiring restrictions for PwC employees and tracking of PwC alumni at Kyndryl; and
- Internal quality reviews by, or of, PwC, including the performance of procedures to monitor and assess PwC's independence from its audit clients, as well as the results of PCAOB inspections.

ACCOUNTABILITY TO STOCKHOLDERS

PwC's representative will be present at the 2024 Annual Meeting and will have an opportunity to make a statement if they desire to do so and be available to respond to appropriate questions.

Audit and Non-Audit Fees

PwC began serving as our independent registered public accounting firm in 2020. In connection with the audit of the fiscal 2024 financial statements, we entered into an agreement with PwC which set forth the terms by which PwC would perform audit services for the Company. The following table presents fees for professional audit and other services rendered by PwC for the fiscal year ended March 31, 2024, and the fiscal year ended March 31, 2023. All PwC services for fiscal 2023 and fiscal 2024 were approved in advance by our Audit Committee.

(Dollars in Millions)	Fiscal 2024	Fiscal 2023
Audit Fees ⁽¹⁾	\$28	\$26
Audit-Related Fees ⁽²⁾	14	14
Tax Fees ⁽³⁾	1	2
All Other Fees ⁽⁴⁾	–	–
Total	\$43	\$41

(may not add due to the use of rounded figures)

- (1) Fees in fiscal 2024 and 2023 include those for services rendered for the integrated audit of Kyndryl's consolidated financial statements and of its internal control over financial reporting, for review of the interim consolidated financial statements included in quarterly reports and for services that are normally provided by PwC in connection with statutory and regulatory filings or engagements.
- (2) For all periods presented, consists of fees billed for assurance and related services that are related to the performance of the auditor review of Kyndryl's consolidated financial statements and are not reported under "Audit Fees". These services are related to process control reports delivered to the Company and its clients and assurance and limited assurance procedures over selected ESG information.
- (3) Tax fees in fiscal 2024 and 2023 include services related to tax compliance and advisory services for U.S. federal and state taxes, as well as non-U.S. matters such as cross-border and transfer pricing assistance.
- (4) All other fees in fiscal 2024 and 2023 include services related to professional services other than the services reported above, including permissible general training and software licenses.

The Audit Committee considered whether PwC providing the non-audit services included in this table was compatible with maintaining PwC's independence and concluded that it was.

The Board recommends that you vote **FOR** the ratification of the appointment of PwC as our independent registered public accounting firm for fiscal 2025.

Pre-Approval of Services Provided by the Independent Registered Public Accounting Firm

Consistent with its charter and applicable SEC rules, our Audit Committee approves all fees paid to, and all services performed by, our independent registered public accounting firm. At the beginning of each year, the Audit Committee approves the proposed services, including the nature, type and scope of service contemplated and the related fees, to be rendered by PwC during the year. In addition, pursuant to authority delegated by the Audit Committee, the Audit Committee chair may approve engagements that are outside the scope of the services and fees approved by the Audit Committee, which are later presented to the Committee. For each category of proposed service, the independent registered public accounting firm is required to confirm that the provision of such services does not impair its independence.

Audit Committee Report

The Audit Committee hereby reports as follows:

- 1 The Audit Committee has a charter outlining its authority and responsibilities which is reviewed annually by the Audit Committee. A brief description of the key responsibilities of the Audit Committee is set forth under "Corporate Governance and Board Matters—Committees of the Board—Audit Committee."
- 2 Management has the primary responsibility for the integrity of the Company's financial statements and the reporting process, including the application of accounting and financial reporting principles and our system of internal accounting controls designed to assure compliance with accounting standards and applicable laws and regulations. The Company's independent registered public accounting firm, PwC, is responsible for auditing the Company's financial statements and expressing an opinion as to their conformity with generally accepted accounting principles in the U.S. In addition, the independent registered public accounting firm is responsible for auditing and expressing an opinion on the Company's internal controls over financial reporting.
- 3 The Audit Committee, in its oversight role, has reviewed and discussed the audited financial statements with Kyndryl's management and with PwC.
- 4 The Audit Committee has discussed with PwC the matters required to be discussed by the applicable requirements of the PCAOB and the SEC.
- 5 The Audit Committee has received the written disclosures and the letter from PwC required by applicable requirements of the PCAOB regarding PwC's communications with the Audit Committee concerning independence and has discussed with PwC its independence.
- 6 Based on the review and discussions referred to in paragraphs (3) through (5) above, the Audit Committee recommended to the Board that the audited financial statements be included in Kyndryl's Annual Report on Form 10-K for the fiscal year ended March 31, 2024, filed with the SEC.

To participate in the virtual-only Annual Meeting, you will need your individual 16-digit control number included on your Notice of Internet Availability of Proxy Materials or on your proxy card

Record Date

Close of business on
May 28, 2024

1. Why am I being provided with these materials?

We are providing these proxy materials in connection with the Board's solicitation of proxies to be voted at our Annual Meeting of Stockholders to be held on July 25, 2024, and at any postponements or adjournments of the Annual Meeting. The proxy materials include the Notice of Annual Meeting of Stockholders, this Proxy Statement and our Annual Report. We have either (1) delivered to you a Notice of Internet Availability of Proxy Materials (Notice) and made the proxy materials available to you on the Internet or (2) delivered printed versions of the proxy materials, including a proxy card, to you by mail.

2. What is a "stockholder of record"?

A stockholder of record or registered stockholder (record owner) is a stockholder whose ownership of Kyndryl stock is reflected directly on the books and records of our transfer agent, Computershare Trust Company, N.A. If you hold Kyndryl stock through a bank, broker or other intermediary, you are not a stockholder of record. Instead, you hold your stock in "street name," and the record owner of your shares is usually your bank, broker or other intermediary. If you are not a record owner, please understand that Kyndryl does not know that you are a stockholder, or how many shares you own.

3. How do I attend and vote my shares at the virtual Annual Meeting?

Once again, our 2024 Annual Meeting will be a completely "virtual" meeting of stockholders, conducted exclusively by live audio webcast. There will be no in-person meeting. Any stockholder can attend the Annual Meeting live online at virtualshareholdermeeting.com/KD2024, beginning promptly at 1:00 p.m. (Eastern Daylight Time) on July 25, 2024. To participate in and vote at the virtual-only Annual Meeting, you will need your individual 16-digit control number included on your Notice or on your proxy card. If you were a stockholder as of the record date of May 28, 2024, you can vote at the Annual Meeting. A summary of the information you need to attend the Annual Meeting and vote via the Internet is provided below:

- instructions on how to attend and participate via the Internet, including how to demonstrate proof of stock ownership, are posted at virtualshareholdermeeting.com/KD2024;
- assistance with questions regarding how to attend and participate via the Internet will be provided at virtualshareholdermeeting.com/KD2024 on the day of the Annual Meeting;
- technical support and assistance will be provided at virtualshareholdermeeting.com/KD2024 on the day of the Annual Meeting and during the Annual Meeting; and
- you will need the 16-digit number that is included in your proxy card or your Notice in order to ask questions and to vote during the Annual Meeting.

4. Will I be able to participate in the virtual Annual Meeting on the same basis I would be able to participate in an in-person Annual Meeting?

The online meeting format for the Annual Meeting will enable full and equal participation by all our stockholders from any place in the world at little to no cost. We believe that holding the Annual Meeting online provides the opportunity for participation by a broader group of stockholders while reducing environmental impacts and the costs associated with planning, holding and arranging logistics for in-person meeting proceedings.

We designed the format of the virtual Annual Meeting to ensure that our stockholders who attend our Annual Meeting will be afforded the same rights and opportunities to participate as they would at an in-person meeting and to enhance stockholder access, participation and communication through online tools. We will take the following steps to ensure such an experience:

- providing stockholders with the ability to submit appropriate questions in advance of the meeting to ensure thoughtful responses from management and the Board;
- providing stockholders with the ability to submit appropriate questions real-time via the meeting website, limiting questions to one per stockholder unless time otherwise permits; and
- answering as many questions submitted in accordance with the meeting rules of conduct as possible in the time allotted for the meeting without discrimination.

Questions pertinent to meeting matters will be answered during the designated portion of the Annual Meeting, subject to time limitations. Questions regarding claims or personal matters are not pertinent to meeting matters, and therefore will not be answered. The rules of conduct and procedures will be available on the virtual meeting website.

5. What is the “record date” for the Annual Meeting?

The record date for the Annual Meeting is the close of business on May 28, 2024.

6. Which Kyndryl shares will be entitled to vote at the Annual Meeting?

Stockholders as of the close of business on the record date of May 28, 2024, may vote at the Annual Meeting. You have one vote for each share of common stock held by you as of May 28, 2024, including shares:

- Held directly in your name as “stockholder of record” (also referred to as “registered stockholder” or “record owner”); and
- Held beneficially for you in an account with a broker, bank or other nominee (shares held in “street name”). Street name holders generally cannot vote their shares directly and instead must instruct the brokerage firm, bank or nominee how to vote their shares.

7. Which Kyndryl shares are included in the proxy card?

For record owners, the proxy card covers the number of shares to be voted in your account as of the record date.

8. Can I vote my shares without attending the Annual Meeting?

If you are a record owner, you may vote by authorizing a proxy to vote on your behalf at the Annual Meeting.

FOR RECORD OWNERS

Your shares cannot be voted unless a signed proxy card is returned, shares are voted using the Internet or the telephone, or other specific arrangements are made to have your shares represented at the meeting. You are encouraged to specify your choices by checking the appropriate boxes on the proxy card. Shares will be voted following your written instructions.

However, it is not necessary to check any boxes if you wish to vote in accordance with the Board's recommendations; in that case, merely sign, date and return the proxy card in the enclosed envelope, or if you received a Notice, follow the instructions on how to access the proxy materials and vote online.

You can also vote your shares over the Internet, or by calling a designated telephone number. These Internet and telephone voting procedures are designed to authenticate your identity in order to allow you to provide your voting instructions, and to confirm that your instructions have been recorded properly. The procedures that have been put in place are consistent with the requirements of applicable law. Specific instructions for record owners who wish to use the Internet or telephone voting procedures are set forth on the proxy card.

WHETHER OR NOT YOU ATTEND THE MEETING, WE ENCOURAGE YOU TO VOTE YOUR SHARES PROMPTLY.

FOR HOLDERS IN STREET NAME

You must timely deliver your voting instructions to your respective bank, broker or other intermediary, following the specific instructions that have been provided to you by your bank, broker or other intermediary.

9. May I change or revoke my proxy?

Yes. Whether you have submitted your proxy by Internet, telephone or mail, if you are a record owner, you may revoke your proxy or change your vote by:

- Sending a written statement that you wish to revoke your proxy to our Corporate Secretary, provided such statement is received no later than July 24, 2024;
- Voting again by Internet (www.proxyvote.com) or telephone (1-800-690-6903) at a later time before the closing of those voting facilities at 11:59 p.m. (Eastern Daylight Time) on July 24, 2024;
- Submitting a properly signed proxy card with a later date that is received no later than July 24, 2024; or

- Voting at the virtual-only Annual Meeting. Attendance at the meeting via the Internet will not cause your previously granted proxy to be revoked unless you specifically so request.

If you hold shares in street name, you may change your vote by submitting new voting instructions to your broker, trustee or nominee following the instruction it has provided, or, if you have obtained a legal proxy from your broker or nominee giving you the right to vote your shares, by attending the Annual Meeting via the Internet and voting.

10. Other than the items in the Proxy Statement, what other items of business will be addressed at the Annual Meeting?

Management knows of no other matters that may be properly presented at the meeting. If other proper matters are introduced at the meeting, the individuals named as proxies on the proxy card are also authorized to vote upon those matters using their own discretion.

11. Who tabulates the votes?

Votes are counted by employees of Broadridge Financial Solutions, Inc., Kyndryl's tabulator, and certified by the Inspectors of Election (who are agents of Broadridge Financial Solutions, Inc.).

12. I understand that a "quorum" of stockholders is required in order for Kyndryl to transact business at the Annual Meeting. What constitutes a quorum?

The presence, in person or represented by proxy, of a majority of the voting power of all outstanding shares of our common stock entitled to vote at the meeting, constitutes a quorum for the transaction of business at the Annual Meeting. Abstentions and shares represented by "broker non-votes," as described below, are counted as present and entitled to vote for purposes of determining a quorum. On the record date of May 28, 2024, there were 230,513,437 shares of the Company's common stock outstanding, and each share is entitled to one vote at the Annual Meeting.

13. What is a broker non-vote, and what is "broker discretionary voting"?

A broker non-vote occurs when shares held through a broker (shares held "in street name") are not voted with respect to a proposal because (1) the broker has not received voting instructions from the stockholder who beneficially owns the shares and (2) the broker lacks the authority to vote the shares at its discretion.

Broker discretionary voting refers to the NYSE rule allowing brokers to vote their customers' shares on certain "routine" matters in the Proxy Statement at the brokers' discretion when they have not received timely voting instructions from their customers. The NYSE rules on broker discretionary voting prohibit banks, brokers and other intermediaries from voting uninstructed shares on certain matters, including the Proposal on the Election of Directors and the Say-on-Pay Proposal. Therefore, if you hold your stock in street name and you do not instruct your bank, broker or other intermediary how to vote regarding the Election of Directors and Say-on-Pay Proposals, no votes will be cast on your behalf.

The NYSE rules allow broker discretionary voting on the Auditor Ratification Proposal.

14. What am I voting on, how many votes are required to approve each item, how are votes counted, and how does the Board recommend I vote?

The table below summarizes the proposals that will be voted on, the vote required to approve each item, how votes are counted and how the Board recommends you vote:

Proposal	Voting Options	Board Recommendations ⁽¹⁾	Vote Required	Do Abstentions Count as Votes Cast?	Is Broker Discretionary Voting Allowed ⁽²⁾
1 Election of four Class III director nominees for a three-year term	–“For” –“Against” –“Abstain”	<input checked="" type="checkbox"/> FOR each nominee	Majority of votes cast— FOR must exceed AGAINST votes ⁽³⁾	No	No
2 Approval (in an advisory, non-binding vote) of compensation of named executive officers	–“For” –“Against” –“Abstain”	<input checked="" type="checkbox"/> FOR	Majority of votes present and entitled to vote on this item of business	Yes	No
3 Ratification of the appointment of PwC as our independent registered public accounting firm for fiscal 2025 ⁽⁴⁾	–“For” –“Against” –“Abstain”	<input checked="" type="checkbox"/> FOR	Majority of votes present and entitled to vote on this item of business	Yes	Yes

⁽¹⁾ If you are a record owner and you sign and submit your proxy card without indicating your voting instructions, your shares will be voted in accordance with the Board’s recommendation.

⁽²⁾ A broker non-vote will not count as a vote for or against a director and will have no effect on the outcome of the election of the four director nominees disclosed in this Proxy Statement. A broker non-vote will have no effect on Proposal 2.

⁽³⁾ In an uncontested election of directors at which a quorum is present, if any nominee for director receives a greater number of votes “AGAINST” his or her election than votes “FOR” such election, our Bylaws require that such person must tender his or her resignation to the Board, the Chair or the Secretary. Our Bylaws further provide that the independent directors of the Board will then consider the tendered resignation, evaluating the relevant facts and circumstances, and giving due consideration to the best interests of the Company and its stockholders, and shall make a decision within 90 days after the election on whether to accept the tendered resignation. The Board will promptly disclose publicly its decision and, if applicable, the reasons for rejecting the tendered resignation. Cumulative voting in the election of directors is not permitted.

⁽⁴⁾ It is important to note that the Auditor Ratification Proposal (Proposal No. 3) is non-binding and advisory. While the ratification of the appointment of PwC as our independent registered public accounting firm is not required by our Bylaws or otherwise, if our stockholders fail to ratify the selection, we will consider it notice to the Board and the Audit Committee to consider the selection of a different firm.

15. Will my votes be confidential?

Yes. All stockholder meeting proxies, ballots and tabulations that identify individual stockholders are kept confidential and are not available for examination. In addition, the identity or the vote of any stockholder is not disclosed except as required by law.

16. I received my proxy materials in hard copy. How may I arrange to receive them electronically?

To enroll for electronic delivery, go to our Investor Relations website investors.kyndryl.com, select the “Shareholder Resources” tab, then click on “Consent for materials online” from the dropdown menu and follow the instructions to enroll.

17. How do I submit a proposal for inclusion in Kyndryl’s 2025 proxy material?

To be eligible under the SEC’s shareholder proposal rule (Rule 14a-8(e) of the Exchange Act) for inclusion in our 2025 Annual Meeting Proxy Statement and form of proxy, a proposal must be received by our Corporate Secretary on or before February 12, 2025. Failure to deliver a proposal in accordance with this procedure may result in it not being deemed timely received. In addition, for information regarding submission of a director nominee using the Company’s proxy access bylaw, see “Corporate Governance and Board Matters—Director Nomination Process—Stockholder Recommendations and Nominations” in the Corporate Governance & Board Matters section of this Proxy Statement. All proposals or nominations should be sent via registered, certified or express mail to Office of the Corporate Secretary, Kyndryl, One Vanderbilt Avenue, 15th Floor, New York, New York 10017.

18. How do I submit an item of business for the 2025 Annual Meeting?

As set forth in our Bylaws, stockholders who intend to present an appropriate item of business (including director nominations) at the 2025 Annual Meeting of Stockholders (other than a proposal submitted for inclusion in Kyndryl’s Proxy Statement) must provide written notice of such business to Kyndryl’s Secretary no earlier than February 25, 2025 and no later than March 27, 2025 at the address set forth in Question 17. Our Bylaws, which contain other informational requirements that must be followed in connection with submitting director nominations and any other appropriate items of business for consideration at a meeting of stockholders, are posted on our website at investors.kyndryl.com under Corporate Responsibility: Governance: Governance Documents: Amended and Restated Bylaws.

19. What is the deadline to provide my notice pursuant to Rule 14a-19 if I intend to solicit proxies in support of director nominees other than the Company’s nominees at the Company’s 2025 annual meeting?

As set forth in our Bylaws, stockholders who intend to solicit proxies in support of director nominees other than the Company’s nominees must provide a notice that sets forth the information required by Rule 14a-19 under the Exchange Act no earlier than February 25, 2025 and no later than March 27, 2025. The notice should be sent to our Corporate Secretary at the address set forth in Question 17 above via registered, certified or express mail. Our Bylaws also contain other informational requirements that must be followed in connection with submitting director nominations.

20. What is “householding” and how does it affect me?

SEC rules permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements and Notices with respect to two or more stockholders sharing the same address by delivering a single proxy statement or Notice addressed to those stockholders. This process, which is commonly referred to as “householding,” provides cost savings for companies. Some brokers household proxy materials, delivering a single proxy statement or notice to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent.

If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement or Notice, or if you are receiving duplicate copies of these materials and wish to have householding apply, please notify your broker.

You may also:

Mail your request to:

Broadridge Householding
Department
51 Mercedes Way
Edgewood, New York 11717

and include your name, the name of your broker or other nominee and your account number(s)

or call the Householding election number:

1-866-540-7095

21. Members of our household own Kyndryl shares through a number of different brokerage firms. Will we continue to receive multiple sets of materials?

Yes. If you and others sharing a single address hold Kyndryl shares through multiple brokers, you will continue to receive at least one set of proxy materials from each broker.

22. I received a Notice of Internet Availability of Proxy Materials. What does this mean?

Consistent with common practice and in accordance with SEC rules, Kyndryl is distributing proxy materials to some stockholders over the Internet by sending a Notice that explains how to access our proxy materials and vote online. If you received a Notice and would like a printed copy of the proxy materials (including the Annual Report, Proxy Statement and a proxy card), please follow the instructions included in your Notice.

23. I previously consented to receive electronic delivery of my proxy materials. Can you send me a hard copy of these proxy materials?

FOR RECORD OWNERS

We will deliver promptly, upon request, a separate copy of these proxy materials. Contact our transfer agent, Computershare Trust Company, N.A. at:

833-981-KYND or 781-575-4557

FOR HOLDERS IN STREET NAME

You must contact your bank, broker or other intermediary to receive copies of these materials.

24. Who will pay the cost of this proxy solicitation?

We will pay the cost of soliciting proxies. Proxies may be solicited on our behalf by directors, officers or employees (for no additional compensation) in person or by telephone, electronic transmission and facsimile transmission. Brokers and other nominees will be requested to solicit proxies or authorizations from beneficial owners and will be reimbursed for their reasonable expenses. In addition, we have hired Innisfree M&A Incorporated (Innisfree) to solicit proxies. We expect to pay Innisfree a fee of \$25,000 plus reasonable expenses for these services.

By Order of the Board of Directors,

EDWARD SEBOLD
General Counsel and Secretary

New York, NY

Forward-Looking Statements

This Proxy Statement contains “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. All statements other than statements of historical fact included in this Proxy Statement, including statements concerning the Company’s plans, objectives, goals, beliefs, business strategies, future events, business condition, results of operations, financial position, business outlook and business trends and other non-historical statements in this Proxy Statement are forward-looking statements. Such forward-looking statements often contain words such as “aim,” “anticipate,” “believe,” “contemplate,” “could,” “estimate,” “expect,” “forecast,” “intend,” “may,” “opportunity,” “plan,” “position,” “predict,” “project,” “should,” “seek,” “target,” “will,” “would” and other similar words or expressions or the negative thereof or other variations thereon. Forward-looking statements are based on the Company’s current assumptions and beliefs regarding future business and financial performance. The Company’s actual business, financial condition or results of operations may differ materially from those suggested by forward-looking statements as a result of risks and uncertainties. For a more detailed discussion of these risks and uncertainties see the information under “Risk Factors” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” in the Company’s Annual Report on Form 10-K for the fiscal year ended March 31, 2024 that may be further updated from time to time in the Company’s subsequent filings with the Securities and Exchange Commission. Any forward-looking statement in this Proxy Statement speaks only as of the date on which it is made. Except as required by law, the Company assumes no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. Forward-looking and other statements in this document may also address our Corporate Citizenship progress, plans and goals (including sustainability and inclusion, diversity & equity matters), and the inclusion of such statements is not an indication that these contents are necessarily material to investors or required to be disclosed in the Company’s filings with the SEC. In addition, historical, current and forward-looking environmental and social-related statements may be based on standards for measuring progress that are still developing, internal controls and processes that continue to evolve, and assumptions that are subject to change in the future. We caution you that these statements are not guarantees of future performance, nor promises that goals or targets will be met, and are subject to numerous and evolving risks and uncertainties that we may not be able to predict or assess. In some cases, we may determine to adjust our commitments, goals or targets or establish new ones to reflect changes in our business, operations or plans.

The information contained on the websites referenced in this Proxy Statement is not, and shall not be deemed to be, incorporated into this filing or any of our other filings with the SEC.
